CORRESPONDENCE WITH THE A. R. SYNOD.

The indications are increasingly favorable, year by year, for a closer association of the United Presbyterian and the Associate Reformed Church of the South with each other in the common faith and work of our Lord Jesus Christ; and there is a steady, increasing encouragement for the prayer and the hope that they may be drawn still more happily and usefully together in mutual confidence, co-operation and love. Therefore,

Resolved, That the Assembly has heard with deep interest the salutations and gratifying statements that have been made by the Rev. E. E. Boyce, the

delegate from the Associate Reformed Synod of the South, and tender, through him, our cordial greetings and good wishes to the Synod which he represents.

Resolved, That in view of the sympathy that it is believed there is between the Associate Reformed Synod of the South and the United Presbyterian Church, in their principles, faith, and usages in the worship of God, and in view of the work that it is also believed is opening up for these churches together, in home and foreign fields, the Assembly deem it entirely desirable, and indulge the hope that it is practicable, that they should be brought into an organic union, as soon as the providence of God shall indicate that the time has come for it.

Resolved, That the Assembly will appoint delegates to attend the next meeting of the Synod of that Church, and that these delegates be instructed to act as divine Providence shall direct in regard to the propriety of proposing, or acceding to the appointment of a committee of Assembly, to confer with a similar committee appointed by the Synod, on the whole subject of co-operation or organic union.

The Committee on Church Extension presented a report on the communication from the Trustees of the congregation of San Francisco, which was adopted, and is as follows:

REPORT ON SAN FRANCISCO CHURCH.

The delay on the part of the congregation of San Francisco, in executing the security required by the General Assembly, has been unavoidable, the giving of the mortgage being impracticable, without great sacrifice to the congregation. The trustees seem to have manifested the most commendable diligence and energy in their efforts to comply with the wishes of the Assembly. Unforeseen difficulties, however, seem to have met them at every step; difficulties which cannot yet be removed without materially increasing the already heavy burden which they are called upon to bear. From the facts in the case before us, it appears that the financial interests of the Assembly will not be jeoparded by the extension of time to the congregation in which to give the security required. It is highly probable that a year hence the whole matter can be adjusted satisfactorily to the Assembly, and much more favorably to the interests of the congregation. Therefore,

Resolved, 1. That Messrs. James M'Candless and Henry Harrison be appointed by this Assembly to inquire into the financial state of the congregation of San Francisco, with special reference to the interest of the General

Assembly, and report to the Trustees of the Assembly.

2. That should there be anything in the condition of the congregation which, in the judgment of the Trustees of the Assembly, requires action before the meeting of the next General Assembly, in order to secure our interest there, they be, and hereby are, authorized to take such action as they may deem necessary in the premises.

The Committee on Theological Seminaries asked and obtained leave

The Committee on Narrative and State of Religion presented a report, which was adopted, and is as follows:

REPORT ON NARRATIVE AND STATE OF RELIGION.

We have carefully examined the report of the Permanent Committee. It contains much information of interest and importance to the Church, and

should be published with the Minutes.

It is a matter of regret that the Presbyteries of Brookville, Caledonia, Cleveland, Chicago, Delaware, Detroit, Egypt, Garnett, Kansas, Mercer, Michigan, Oregon, San Francisco, Sealkote, Tennessee, and Western Missouri, failed to send their reports on Narrative and State of Religion, to the Permanent Committee, in accordance with the direction of the Assembly, thus necessarily rendering this report not so full as it otherwise would have been. From the information before us, however, we have reason to believe that the State of Religion in our Church is very encouraging. Several Presbyteries report encouraging revivals in their bounds; peace and prosperity characterize a great majority of our congregations, and the Women's Temperance Movement has done much to revive religion in many parts of the country.

Your Committee would recommend for adoption the following resolutions:

Resolved, 1st. That the report of the Permanent Committee on Narrative and State of Religion be adopted, and, in view of the important information it contains, that it be put upon the Minutes of the Assembly, and published in

the papers of the Church.

Resolved, 2d. That the Permanent Committee on Narrative and State of Religion be instructed to prepare, and distribute, through the Second Clerk of the Assembly, not later than the first of February, 1875, blank Reports for Congregations and Presbyteries, to be filled up with such facts and figures as will enable the Committee to make a full and satisfactory report to the Assembly.

Resolved, 3d. That these reports shall be returned to the Committee not

later than the 20th of April, 1875.

Resolved, 4th. That Revs. J. G. Carson, W. G. Moorehead, and W. A. Campbell, and Elders J. C. McMillen and Thos. White, be appointed the Permanent Committee for the ensuing year.

Resolved, That all the papers on the subject of Sustentation be referred to a Special Committee, which shall prepare a report, to be submitted before the 1st of September to the Presbyteries, that they may report to the next General Assembly their opinion thereon, and any suggestions in regard to the same which they may deem of importance.

It is very gratifying to your Committee to report that our Home Mission operations have been successfully prosecuted during the past year.

Our efficient Corresponding Secretary, and our Missionaries, seem to have

given themselves earnestly to their work.

What has been accomplished has already been brought to the notice of the Assembly in the report of the Board.

The following resolutions are therefore submitted for your adoption:

1. Resolved, That this Assembly gratefully acknowledge the mercy and grace of our Lord as manifested in our Home Missionary work, and would humbly and hopefully invoke the divine blessing upon our efforts in this department for the ensuing year.

be adopted.

4. Resolved, That in view of the painful fact that we have a considerable number of efficient laborers for the home field who are not, and cannot be, employed in consequence of the lack of funds, the Assembly directs all our congregations to make a contribution before the 1st of July, 1874, that means may be furnished to employ these brethren, and pay promptly our Home Missionaries at the end of each quarter.

The amendment offered by Dr. Lansing was discussed at length, namely: That the Board of Home Missions and the Board of Freedmen's Missions be consolidated, and that \$20,000 be added to the appropriations for Home Missions. In taking the vote on the amendment, the motion was divided, and on motion, these two questions were put in the following order by the Moderator, namely: Will the Assembly appropriate \$20,000 for Missionary work among the Freedmen? Will the Assembly consolidate the two Boards? The former was decided in the affirmative, and the latter in the negative. The Assembly then adopted the report of the committee, which is as follows:

REPORT OF COMMITTEE ON FREEDMEN'S MISSIONS.

An argument in behalf of the Mission to the Freedmen by the United Presbyterian Church, is perhaps superfluous. Her record, as a Church which early espoused the cause of the oppressed, and with some good degree of faithfulness maintained their cause through long years of arduous conflict, requires an earnest and persevering prosccution of this work. True to her history, when God had, by terrible things in righteousness, answered our prayers, and, through the supreme authority of the nation, proclaimed liberty to the captive, she promptly carried to them the gospel, that the Freedmen might also be made free with the liberty wherewith Christ makes His children free. We ran well for a time, but with strange inconsistency, and in the face of our past history, we hesitate in the work. The people have never lost their interest in this work. They still ask, why has this work ceased? We have acted the part of a foolish husbandman, who sowed in tears and cultivated his field in the sweat of his face, but just when the harvest was ripening, he turned it over to others who entered into his labors.

The Assembly of last year revived this work, and instructed the Board to establish a Normal school. These instructions have been carried out with promptness. Knoxville has been selected as the location which promises the best results. The grounds are purchased and plans and specifications for the building are made, and the Board is ready to begin the work, only awaiting funds. \$20,000 is asked for the work for the coming year. It is also requested that the Assembly instruct the Board of Church Extension to refund the money received from this fund, that it may be used for the purpose for

which it was given. Therefore,

Resolved, I. That the conduct of the Board in this work be approved.

2. That \$20,000 be appropriated for this mission for the coming year.

3. That the Board of Church Extension be instructed to refund the money received from this fund.

4. That Rev. James W. Witherspoon be re-elected Corresponding Secretary, and that Revs. R. B. Ewing, D. S. Kennedy and W. H. M'Millen be elected members of the Board, and that Rev. W. H. Andrew be elected to fill the vacancy occasioned by his own resignation.

their Treasurer's reports.

4. REGULATIONS.

The Committee on the Preservation of Old Records presented a report, which was put on the docket.

Took up the report of the Committee on Collegiate Education,

whereupon the following resolutions were adopted:

Resolved, That the Assembly has heard with great pleasure the report of the Committee on Collegiate Education; that it be signed by the chairman of the Committee, and published in all the papers of the Church, and that the Board of Publication be directed to issue an edition of it, in a form suitable for general circulation.

Resolved, That the last Thursday of January be appointed as a day of prayer for our institutions of learning, and that ministers be requested to

preach on the subject presented in the report of the Committee, and urge its importance upon the attention of the people.

Resumed the consideration of the report of the Committee on Statistics. The report was adopted, and is as follows:

REPORT OF COMMITTEE ON STATISTICS.

Statistical tables have been received from all the Presbyteries of the Church. These tables are more full and accurate than any that have been received heretofore. There are, however, some mistakes in the footing up of these reports, which prevent your Committee from giving an exact summary of this year's statistics at this time.

Among the matters brought to the attention of your Committee, the following are deemed of sufficient importance to require the attention of the

1. Under the present plan for making Congregational Reports, each committee appointed by the Assembly is compelled to correspond with all the congregations, in order to get the proper data for making its report, whereas, the clerks of Presbyteries ought to be able to furnish any information required by the Assembly, thereby saving much unnecessary labor and securing more uniformity and accuracy in these reports.

2. The list of ordinations of ministers, which will be contained in the published Minutes of this Assembly, is probably as nearly accurate as it can be made, and as all new ordinations will be published from year to year, it does not appear to be necessary to burden the Minutes with the whole list every year.

After considering these things, your Committee would recommend the

adoption of the following resolutions:

Resolved, First. That the thanks of this Assembly are due to Rev. A. G. Wallace, the Second Clerk, for the complete system of statistics which has been prepared under his supervision, and also to the clerks of Presbyteries who have co-operated with him in preparing these tables.

Second. That the Second Clerk be instructed to prepare a blank on which congregations can report to their Presbyteries, annually, all the data needed by the various committees and officers of the Assembly in preparing their

Third. That in the subsequent numbers of the present volume of the Minutes of the Assembly, the Second Clerk be authorized to omit the dates of ordination from the Alphabetical List of Ministers.

Whereas, Measures are now in progress, under the direction of the National Government, to celebrate the centennial anniversary of its inde-

pendence, and

Whereas, Our civil and religious liberty, as well as our national prosperity, is largely the result of the Christian features of our national life, and no exhibition will give to the world an adequate idea of our institutions without a presentation of the Protestant Christian Churches of the country, and

Whereas, Other Churches have taken steps to prepare their respective histories for this purpose, it seems to be proper that the United Presbyterian Church should also prepare a statement of its history, principles and polity, and make grateful record of the manifold goodness of God to her as a Church;

therefore,

Resolved, 1. That a committee be appointed to prepare a complete history of the United Presbyterian Church, showing, 1st. Its origin, progress, and present statistics. 2d. Its principles. 3d. Its Home and Foreign missionary work, and 4th. Its educational interests.

Resolved, 2. That J. G. Brown, D. D., D R. Kerr, D. D., J. B. Dales, D. D., and Revs. A. G. Wallace and S. Collins compose this Committee.

Resolved, 3. That the members of this Committee be instructed to divide the work among themselves, according to their judgment, and to suit their own convenience, and to report to the next General Assembly any additional action which, in their judgment, may be necessary to carry out the intention of these resolutions.

Took up the report of the Judiciary Committee on the Memorial of the Rev. G. D. Mathews. The report was amended and adopted, and is as follows:

REPORT ON THE MEMORIAL OF REV. G. D. MATHEWS.

This Memorial presents a number of statements and questions, in reference to a certain proceeding of the Second Presbytery of New York, in the case of the memorialist. The proper court for redress against supposed error in judgment on the part of a Presbytery is the Synod to which that Presbytery is immediately subordinate, before which the memorialist may properly bring all questions of alleged error in judgment and misinterpretations of law. An action by this Assembly, based upon statements of the memorialist, without hearing the Presbytery, would in itself be manifestly improper, and in reference to the Synod of New York, an assumption of its prerogatives. To declare any principle of law, in reference to this case, would be a presumption on the part of this Assembly that the Synod of New York is either incapable of properly applying the law in the case, or is unwilling to do so. Therefore,

Resolved, That the Memorial of Rev. G. D. Mathews be respectfully returned to him, without any judgment expressed thereon or any prejudice to

his case.

Took up the report of the Judiciary Committee on the Memorial of Mr. Thomas Thompson, on the Introduction of the New Version of the Psalms. The report was discussed and recommitted.

Took up the report of the Committee on Theological Seminaries.

The report was discussed and adopted, and is as follows:

REPORT OF COMMITTEE ON THEOLOGICAL SEMINARIES.

The special committee to whom was referred the report of the Committee of the last Assembly on Theological Seminaries, having examined said report, recommend its adoption without modification. Also, impressed with the importance of uniformity in the management of the Seminaries contemplated in the report, and believing such uniformity cannot be adequately secured under the present divided control of the various Synods, your Committee desire the Assembly to tender anew to the Synods the provisions of the act adopted by the Assembly at Pittsburgh, 1870, providing for the voluntary transfer of the Seminaries to the care of the General Assembly.

The following resolutions, therefore, are submitted:

Resolved, 1st, That the Assembly adopt the report now submitted by the

Committee of the Assembly of 1873.

Resolved, 2d, That a Committee be appointed, whose duty it shall be to tender to the respective Synods, at their approaching meetings, the provisions of the enabling act of 1870, and request favorable action in reference to the transfer of the Theological Seminaries to the care of the General Assembly.

The Committee contemplated in the second resolution of the foregoing report are Revs. W. W. Barr, R. B. Ewing, R. A. Browne, D. D., J. T. McClure, W. H. French, J. A. Edie, R. A. McAveal, J. P. Wright-one from each Synod.

Took up the report of the Committee on Ministerial Relief.

report was discussed and adopted, and is as follows:

REPORT OF COMMITTEE ON MINISTERIAL RELIEF.

The Board, in this part of their report, have so fully elaborated the idea of extending aid to those ministers who have become worn-out in the service of the Church, that but little can be added by the Committee. The importance and justice of ministering to the relief of the aged and infirm ministers, who have given their best energies to the building up of the cause of their Master, have long been felt; and that those who are dependent on them should also be included in the benefactions of the Church, is also a truth of which there is little room to doubt.

The Board has presented for the consideration of the Assembly what appears to be a well considered and efficient plan by which aid will be extended, not only to the enfeebled and dependent ministers, but also to the needy widows and orphans of deceased ministers.

The Committee would therefore recommend the adoption of the resolutions

presented by the Board.

PART II. The plan proposed for mutual relief in this part of the Board's report is something new in the history of the United Presbyterian Church, and while we approve of the principle involved, yet there are so many practical difficulties in the way of putting the plan proposed into successful operation, that we are constrained to report adversely to its adoption.

If the Board designed that it should be a benevolent institution for the benefit of the members, then it should not have excluded from its benefactions the men that call most loudly for her charities, namely, the aged, the infirm, and unhealthy; but if it was designed to establish a common treasury, into which the members might cast some of their surplus means from year to year, for the mutual benefit of all the contributors, then it should be conducted on purely business principles. When parties engage in a business transaction for mutual profit, each should be benefited in proportion to the amount invested and the length of time for which he makes the investment; but in the plan proposed by the Board, the minister at sixty years of age, with but ten years of expectancy, invests his twenty dollars a year, while the minister at thirty years of age invests his twenty dollars a year with the expectancy of continuing the operation for forty years, and yet both are to receive the same amount. In other words, the former would invest two hundred dollars in ten years and then receive his one thousand dollars, while the latter would invest eight hundred dollars in forty years, and yet only receive the same amount. This inequality in the distribution of the profits of the concern would be fatal to the plan on business principles. Besides, there are insurance companies already in existence where a policy can be obtained, covering the sum of one thousand dollars, for less than twenty dollars per year, by those who have not attained the age of thirty years, and ministers, like all other men, will invest where they can do it to the best advantage. Still further, the number among whom it is proposed to operate is altogether too limited. The plan proposed excludes the aged, the infirm, and the unhealthy ministers of the Church; this will shut out at least one-fourth of the whole number; many others are already carrying; all the insurance which their limited income will enable them to pay; still others have their doubts as to the propriety of insurance, and thus the number would be so limited that we feel persuaded that not more than one hundred, and perhaps not fifty, ministers of the U. P. Church would voluntarily become members of such an association. It is true that the Board proposes a resolution declaring that "it shall be the duty of all ministers of the U. P. Church, and of all who may hereafter become ministers, to become members of said Mutual Aid Fund," but we are unable to discern the principle imposing such a moral obligation.

In view, then, of the foregoing and other objections that might be presented to the proposed plan, the Committee would recommend the adoption of the

following resolution:

Resolved, That the further consideration of the constitution of the Mutual Aid Association be indefinitely postponed.

The consideration of the subject of Foreign Missions was made the

order of the day for to-morrow, at 2:30 P. M.

Resumed the consideration of the report of the Committee on

Church Titles. The report was adopted, and is as follows:

REPORT OF COMMITTEE ON CHURCH TITLES.

Only thirteen Presbyteries have reported compliance with the action of the Assembly of 1873, and of these, very few congregations have reported titles that will secure their property against legal disabilities, or alienation in any way. Therefore,

Resolved, 1st. That Presbyterie's and Congregations be directed to give immediate and earnest attention to this matter, and endeavor, as far as possible, to secure all church property to the purposes to which it has been consecrated.

Resolved, 2d. That the Board of Publication be directed to publish and keep for sale, blank forms of charters, as recommended by the Trustees of the Assembly; and that congregations be urged to adopt said form, so far as it shall accord with the legislative provisions of the respective States.

Took up the order of the day, namely: The consideration of the report of the Committee on Church Extension. The report was discussed at length, amended and adopted, and is as follows:

REPORT OF COMMITTEE ON CHURCH EXTENSION.

The Committee on Church Extension would respectfully report:

The operations of the Board during the past year have been conducted with care, and, as we believe, with a good degree of success. Aid has been extended to seventeen congregations, in fourteen Presbyteries. In all these, the Board has confined its appropriations within the limits fixed by the Assembly. Notwithstanding the financial convulsion through which the

country has passed, the contributions from Presbyteries to the funds of this Board have decreased but \$1,753.67. The contributions to the Loan Fund have been \$7,072.95, making the total amount of that fund, \$28,334.11. Thus we are not without evidence of the confidence of the Church in the work of the Board, and of a willingness to sustain it. The Board again call special attention to the Loan Fund. Experience has shown it to be a most important instrumentality for the accomplishment of the purposes for which it By means of this, help is extended, not only to those who are engaged in building, but to those also who are laboring to free their houses of worship from a burden of debt. Claims against church property are often held by needy parties, and too often by parties who have no sympathy with the Church, or her great work. These incumbrances become annoying, and impede the progress of the congregation. To have our houses of worship free from them is at all times desirable, but especially so in a time of financial trouble. Assurances of aid, such as the Loan Fund enables this Board to give, have, as experience has proved, a most happy effect, in encouraging and stimulating congregations to most earnest efforts to attain this desirable Aid extended in this way is also often reciprocated by liberal returns to the treasury of the Board. Instances are not wanting, in which congregations, when called upon to contribute to the funds of the Board, have responded in double the amount asked, in grateful remembrance of the help extended to them in a time of need. The seed thus sown has produced an hundred fold. Your Committee would therefore especially commend this fund of the Board of Church Extension to the favorable consideration of our people, even as a paying investment. The safe plan upon which the Board conducts its operations, the great work which it is accomplishing, and the intimate and almost inseparable relation which it sustains to the successful operation of the Home Board in the wide-extended field spread out before us and whitening for the harvest, give it a prominence among the instrumentalities of the Church not to be overlooked. In our zeal for the work, which comes more especially within the province of the Board of Home and Foreign Missions, we have too much overlooked the claims of this Board, and the work which it has performed. From the report of the Board, it appears that one-sixth of our congregations, containing one-seventh of the membership of the Church, have received aid directly from the Board, or under its authority. The report also shows the gratifying fact that the contributions of these congregations to all purposes have amounted to 60 per cent. of the whole amount given them by the Boards of Home Missions and of Church Extension, and were over one-sixth of the total amount contributed by the whole Church. But there is still a great work to do. The cry is still coming up from the wide-extended plains of the West for aid from this Board. Many are destitute of houses in which to worship that Saviour whom they love. They are poor in this world's goods, but rich in faith. Let the Church but respond, as God hath prospered her, and the want can speedily be supplied.

Your Committee would recommend the adoption of the following:

Resolved, 1. That the action of the Board, as set forth in this report, be approved.

2. That the Assembly gratefully acknowledge the special interest taken in the Loan Fund by the Synod of Iowa, and commend her example to the other Synods of the Church.

3. That \$30,000 be appropriated to the Board for the present year.

4. That Dr. J. S. Easton, Messrs. George McCague and J. P. Hanna, whose term expires at this meeting, be re-elected.

5. That Rev. A. G. Wallace, whose term of service as Corresponding Secretary of the Board expires at this meeting, be re-elected.

On motion, speakers, with the exception of the chairmen of committees and the secretaries of Boards, were limited to five minutes.

A supplementary report of the Committee on Publication was presented. The whole report was adopted, and is as follows:

REPORT ON PUBLICATION.

Two papers have been referred to us for examination: The Annual Report of the Board, and the report of a Special Committee, appointed by the last

General Assembly, to inquire into its general condition and work.

The report of the Board represents the work to have been prosecuted during the past year with a considerable degree of success. The efforts of the Board have been chiefly employed in circulating the Scriptures, and in furnishing suitable books for Sabbath School and other religious and theological It is to be borne in mind, however, that one important design of this Board is to publish original works, and we are assured that it is the purpose to do so more extensively than heretofore, as the debt incurred for the new building has been much reduced during the past year, and will soon be entirely removed. We regret to say that only a little more than one-third of the appropriation of last Assembly has been received, and the Board has, on this account, been unable to accomplish all it would, had the whole amount of \$6,000 been at its disposal. It is to be hoped that the Church will not overlook the importance of this department of her work; that pastors will commend it to the attention of their people, so that our congregations and schools, in their ever increasing needs, may be supplied with a safe and healthful literature.

The report of the Special Committee represents that the building, books, plates and other property of the Board are in a good condition. It points out some defects in its general management, and to better systematize its business, and render its workings more efficient, recommends certain by-laws for its

government.

Both of these papers, referred to us, call the attention of the Assembly to a matter demanding immediate and decisive action. There are on the books outstanding accounts to the amount of \$15,665.00—an increase in this respect of more than \$2,000.00 since last year. Some of this has been standing from two to seven years. We are persuaded that good business men do not transact their own business in that way, and that, in this case, if permitted to continue, it will prove disastrous. We are informed that the credit allowed by the Board is three months; its customers should not ask further indulgence. We recommend the adoption of the following resolutions:

Resolved, 1st. That the action of the Board, in employing a book-keeper, be approved; and we recommend that they see that this position be perma-

nently filled with a competent and efficient person.

2d. That the Board take immediate steps to collect its outstanding accounts, by notifying its debtors that all debts of over six months' standing must be satisfactorily adjusted, otherwise to be placed in the hands of proper officers for collection according to law, and that the Board report definitely as to the value and condition of all its accounts to the next General Assembly.

3d. That we recommend the by-laws contained in the report of the Special Committee on the Board of Publication, be compared with their present rules, and that they adopt so many of them as may be applicable to their cir-

cumstances and wants.

4th. That the progress of this Board in removing the debt on its property is satisfactory, and we recommend that it be continued as rapidly as consistent with other interests.

5th. That 5,000 copies of the Minutes of the Assembly be published by the Board, and that they use all diligence to issue them at as early a date as possible, to be sold, at Publication Rooms, at 20 cents, and mailed at 25 cents.

6th. That \$5,000 be appropriated to this Board; that Rev. Wm. J. Reid be appointed in place of James McCandless, Esq., resigned; Rev. W. J. Robinson in place of Rev. Wm. Fulton, deceased, and that Dr. D. R. Kerr and Messrs. Wm. Reed and Wm. Stevenson, whose term of office expires, be re-elected.

7th. That the distribution of the Minutes of the last Assembly to the

Clerks of Presbyteries and Financial Agents, be approved.

8th. That it be a standing rule that copies of the Minutes be furnished gratuitously to the Clerks of Synods and Presbyteries, to Financial Agents and Superintendents of Missions, and to the delegates of corresponding Churches, and that the expense thereof be paid from the funds appropriated to the Board of Publication.

Took up the report of the Judiciary Committee on the memorial of Thomas Thompson. The report was adopted, and is as follows:

REPORT OF JUDICIARY COMMITTEE ON MEMORIAL OF THOMAS THOMPSON.

The memorialist asks the Assembly to designate by whose immediate agency the Revised Psalm Book shall be introduced for use in public worship in a The Directory for Worship declares, Art. 2d, Sec. 4th: "It congregation. belongs to Sessions * to regulate the singing of praise, and to see that this important part of public worship is rendered for edification, and in the best possible manner." The Session is therefore the proper source of authority to introduce the Revised Psalm Book into use in the congregation. The action of the General Assembly, in 1872, recommending congregations to introduce the Revised Psalm Book, was not intended to set aside the rule of the Directory for Worship, and could not, in the nature of the case, do it. The meaning is, that congregations, by the proper authority, should introduce Sessions are, of course, to exercise their authority wisely and discreetly; but it is not to be expected that the United Presbyterian Church, having spent so much time and labor upon the Revised Psalm Book, and having adopted it with such a measure of harmony, will recede from her position, especially since a large majority of her congregations are now using this book. It is most desirable that uniformity in the use of the versions of the Psalms shall prevail throughout the Church, and all her congregations are affectionately urged to conform, without factious opposition or unreasonable delay, to the action of the General Assembly, which has legally authorized the use of the Revised Book.

Your Committee recommend for adoption the following, viz:

Resolved, That it is the province of the Session to decide when the Revised Psalm Book shall be introduced into the congregation.

Rev. Dr. Young made a verbal statement of his having performed the duty assigned him as a delegate to the General Assembly of the Presbyterian Church in the United States, and of his cordial reception by that Assembly.

Took up the additional report of the Committee on Home Mis-Pending the discussion the order of the day arrived, namely: The consideration of the subject of Foreign Missions.

The report of the Committee on Foreign Missions was discussed, amended and adopted, and is as follows:

REPORT ON FOREIGN MISSIONS.

When our divine Lord and Master was laying the broad and strong foundations of His new testament Church, He said to His disciples: "Go ye into all the world, and preach the gospel to every creature." He was then received up into heaven and sat on the right hand of God, where, as the Captain of our salvation, He superintends and renders successful the efforts of His followers in making the wilderness and the solitary places glad, and in causing the desert to rejoice and blossom as the rose. And for the encouragement of His church in her arduous work of evangelizing the world, He appears mounted on a white horse, armed with a bow, beautified with a crown, and going forth conquering and to conquer. And as a distinct part of the Church, in our work of Foreign Missions, we have had the most unmistakable evidence that the Lord of Hosts is on our side. Difficulties and sore discouragements have befallen us, but still we can sing of mercy, and say "Hitherto

hath the Lord helped us."

A respectful and earnest memorial has been presented to this General Assembly, asking for the concentration of our entire missionary force in Syria and Egypt The arguments produced in this memorial are worthy of, and have received, our serious consideration. And the language of our Church, like the voice of a fond and devoted mother struggling for the life of all her children, as she fixes her tearful eyes on either China or India, seems to be, "How can I give thee up?" With all due respect, therefore, to this memorial, we feel like saying, "Speak unto the children of Israel, that they go forward," or, in the language of an Old Testament prince and captain, "We have opened our mouth unto the Lord, and we cannot go back." We trust that a little one shall yet become a thousand, and a small one a strong nation, and that Jehovah Himself will hasten the work by constraining His people to devise and carry forward more liberal things. We therefore recommend the following:

Resolved, 1st. That, relying on divine grace, and exercising confidence in the increasing liberality of our people, we will endeavor to nourish and cherish all the foreign missions at present under our care, as we may obtain help

from God.

2d. That the hand and the grace of God be gratefully recognized in guarding all our missions, and that the ministers and members of our churches be everywhere urged to remember them at the throne of grace, and that pastors and Sessions will endeavor to have their people more regularly and fully informed of the condition of the heathen, and especially of the condition and necessities of our own missions in laboring to spread the gospel abroad.

3d. That all our pastors are earnestly requested to gather missionary facts and intelligence, and to lay before their congregations a brief but comprehen-

sive synopsis at least once a month.

4th. That the thanks of the General Assembly be given to his highness, Dhuleep Singh, for his continued great liberality; also to Messrs. D. Stewart, of Liverpool, John Caldwell, of Philadelphia, C. Arbuthnot, of Pittsburgh, and others who have so greatly aided us during the year with their generous deeds; also to the British and Foreign Bible Society, the American Bible Society, the American Tract Society, the Paisley Ladies' Missionary Society, and the various other societies that, both in this country and abroad, have

done so much to add to the efficiency and usefulness of our work.

5th. That Rev. Dr. Lansing and Rev. Andrew Watson, on behalf of the missionary association in Egypt, be directed to tender to the Hon. Richard Beardsley, United States Consul-General in Egypt, the very deep and grateful sense which this General Assembly has of his personal and official kindness in so happily aiding in the negotiations that were connected with the sale of the mission property in the city of Cairo; also to L. Muller, Esq., and the firm of Todd, Rathbone & Co., for their early and continued favors to our mission, in acting, as they so long have done, as its bankers, and especially in so effectually aiding in the securing and properly investing the funds of the late important sale.

6th. That the children of our Church, in the family and in the Sabbathschool, be commended for the earnest devotion which, in so many instances, they have shown to the cause of Foreign Missions, and that parents, pastors, and superintendents be urged to bring it before them, and ask their sympa-

thies, their prayers, and their gifts in its behalf.

7th. That the Assembly approves the establishing of a Training College and

Mission Seminary at Osiout, and that \$2,500 be devoted to the building fund

of the college, out of the appropriation for Egypt for this year.

Sth. That the opening of suitable boarding schools for girls be approved of, and that the missions with which such schools may be identified in any way, be specially urged to endeavor to have, first, the spiritual interests of every pupil in them promoted, and then, that each be trained with particular reference to usefulness in any sphere to which she may be called, and particularly with reference to Christian homes.

9th. That the women of our Church at large be urged to make special efforts in behalf of these schools, and in the Zenana work, or work which Christian women may do, in visiting and endeavoring to teach and evangelize

heathen women, in the seclusion and privacy of their homes.

10th. That the Assembly approves of the appointment of Rev. A. M. Nichol and wife to the mission in Egypt, and Miss Cynthia E. Wilson to India, and that the Assembly further appoint Mr. T. L. Scott to the mission in India, and direct the Board to send another male and one female missionary to that field at the earliest possible moment; also, one missionary to China, and two male and two female missionaries to Egypt.

11th. That the following appropriations be made for the Foreign Missionary work of the ensuing year: for Syria, \$3,700; India, \$15,000; Egypt, \$30,000; China, \$1,500; outfits, traveling expenses, and salaries of new and returning missionaries, \$10,000; miscellaneous, \$1,000; total, in gold, \$61,200,

or currency, \$73,440.

12th. That every pastor and elder be earnestly urged to have their congregations forward at least a portion of their annual contribution to this cause in the summer and early autumn, rather than delay to a later period of the year; and that the Board be recommended to increase, where necessary, rather than diminish the salaries of the missionaries.

13th. That in reference to the subject of the confederation of all the Presbyterian missions in India, from the information we have on the subject, we recommend our missionaries in that field to unite in this confederation upon such terms as will not affect the ecclesiastical relations of the mission to the Church at home, or in any degree compromise her distinctive principles.

14th. That our whole Church, ministers, elders, and members, be urged to realize the duty, the honor, and the importance of the Foreign Missionary work; that they properly estimate the value of our missions in particular, and the obligations resting upon all to sustain them while they are thus under our care; and that, as it is only the Holy Spirit poured out from on high that can make them, or anything that is done by them, effectual for their great purpose, all will engage in frequent and fervent prayer that labor in them shall not be in vain, and that souls shall be saved to the ends of the earth.

15th. That Revs. F. Church and W. W. Barr, whose term of service expires at this meeting of the Assembly, be re-elected, and that Rev. J. C. Wilson be chosen to fill the place of J. T. Cooper, D. D., whose term expires,

and who has changed his residence.

The following resolution, offered by Revs. J. C. Boyd and S. C. Marshall, was adopted, namely:

Resolved, That the General Assembly would hereby express the great gratification they have experienced in having our brethren, Messrs. Barnett, Lansing, and Barr, from our Foreign Mission fields, present with us, and would cordially thank them for their earnest addresses, and invoke the richest blessing of heaven upon them and their work.

Dr. J. B. Dales was elected Corresponding Secretary of the Board of Foreign Missions.

Resumed the consideration of the additional report of the Committee on Home Missions. The report was discussed, and amended and adopted, and is as follows:

ADDITIONAL REPORT OF COMMITTEE ON HOME MISSIONS.

Resolved, 1st. That Rev. James Kelso, of the Presbytery of Westmoreland, be elected to fill the place in the Board of Home Missions made vacant

by the resignation of Rev. A. G. Wallace.

On the Memorial from the Presbytery of Garnett, asking the Assembly to fix the per diem of Home Missionaries at \$12 instead of \$15, or, at least, to leave the amount to be paid in the bounds of any Presbytery, to the discretion of said Presbytery, we recommend the adoption of the following:

Resolved, That the per diem of Home Missionaries be fixed at \$12.

Resolved, also, That the Regulations of the Home Mission Board, referred to this Assembly by the General Committee, be referred to a special committee for revision, and for presentation to the next Assembly.

The following persons were appointed the above Committee: Revs. W. J. Reid, W. J. Robinson, and J. C. Boyd.

Took up the report of the Committee on the Confederation of the Presbyterian Churches. The report was adopted, and is as follows:

REPORT ON PRESBYTERIAN CONFEDERATION.

The Committee to whom was referred the memorial of the Presbyterian Church, in reference to the calling of an Ecumenical Council of Presbyterian

Churches, beg leave to recommend the following action:

That the General Assembly of the United Presbyterian Church of North America, deeply sympathizing with the sentiments of brotherly affection expressed in the action of the General Assembly of the Presbyterian Church, of May 27th, 1873, and heartily approving of the proposition to call an Ecumenical Council, to be composed of delegates from the Presbyterian Churches, for the purpose of securing the object proposed in said action, directs:

1st. That there be appointed a committee to confer with the other committees which may be appointed by the Presbyterian bodies, with a view to

securing the objects proposed, and

2d. That, while doing all they can to secure these objects, the Committee be directed to do nothing to compromise the peculiar principles and practices for the maintainance of which this Assembly believes herself called upon, in Providence and by the Head of the Church, to sustain a separate ecclesiastical organization.

The Committee contemplated in the foregoing report, are, Rev. D. R. Kerr, D. D., Joseph T. Cooper, D. D., J. B. Dales, D. D., D. A. Wallace, D. D. LL. D., and A. Young, D. D. LL. D.

Took up the report of the Committee on the Preservation of Old

Records. The report was adopted, and is as follows:

REPORT ON PRESERVING RECORDS.

The Committee on the Preservation of Old Records, appointed at the Fifteenth General Assembly, respectfully reports:

That some progress has been made in collecting, and in learning of the whereabouts of, some of the records of the old Associate and Associate Reformed Presbyteries and Synods. The following records have come into the hands of your Committee since the last Assembly, viz: the Minutes of the A. R. Presbyteries of Blairsville, Michigan, and Westmoreland. These

records are in a good state of preservation.

The records of the A. R. General Synod, and of the 1st A. R. Synod of the West, together with all synodical papers of these bodies, are in the possession of James Prestley, D. D., and will shortly be in the possession of your Committee. The records of the Associate Synod of North America, and of the Associate Presbytery of Richland, are in the hands of Rev. R. H. Pollock, D. D., of Wooster, Ohio, and cannot be obtained by your Committee without instruction from the Associate Synod. All the records of the Monongahela Presbytery (A. R.), with the exception of one volume, have been obtained, and that missing link, since the meeting of this Assembly, has been found, and will soon be obtained.

In the hands of Rev. J. M. Adair, of Pennsylvania, are all the minutes of the A. R. Presbytery of Big Spring, from its organization, in 1803, till 1858. (From 1822 till 1825 this Presbytery was disorganized.) In the same hands, also, are the records of the Associate Presbytery of Philadelphia, from its organization, in 1801, till about 1855. These records can be obtained, and are at present in a very bad state of preservation. Your Committee has been at some expense in obtaining such records as have come into its hands, and has made considerable effort to find out where other records are; and, while it has trace of many of them, it cannot at present report definitely concerning them. There have been two ineffectual efforts during the year to have a meeting of the Executive Committee, appointed last year, on these old records, and also appointed with a view of purchasing certain historic documents brought to the notice of the last Assembly. A quorum was not present at either of these meetings. Your Committee recommends the adoption of the following resolutions:

Resolved, 1st. That the Executive Committee, appointed last year, be continued, and be enjoined to meet at an early day, for the transaction of such

business as may require attention.

2d. That the Committee-man appointed last year from each Synod be also continued, and that the Clerks of the several U. P. Presbyteries, and all U. P. ministers, be requested and enjoined to assist, as far as possible, in the work assigned to this Committee.

Took up the report of the Committee on Patrons of Husbandry. Pending the discussion the Assembly adjourned, to meet this evening, at 7:30 o'clock. Closed with the benediction by the Moderator.

7:30 o'clock P. M.

The Committee on Education presented a report, which was put on the docket.

The Special Committee to which was recommitted the report on the Memorial of the General Synod of the Reformed Presbyterian Church, presented a report, which was put on the docket.

Resumed the consideration of the report of the Judiciary Committee on the Patrons of Husbandry. Rev. Dr. Scott offered a substitute for the report of the Committee, which was entertained, amended and adopted, and is as follows:

REPORT ON PATRONS OF HUSBANDRY.

The General Assembly is satisfied that the Order of Patrons of Husbandry is a secret order within the meaning of the Article of our Testimony on

But the Assembly is also satisfied that many of our people that subject. in the West have been led into this Order inadvertently. Feeling keenly the grievances which are sought to be remedied by connection with the Order, they overlooked its true character. The Assembly is, therefore, willing to make much allowance for the error into which they have thus been led; but it is our duty faithfully to declare the true nature of the Order, and show to our

people their error.

One of the first and principal things to which the members of the Order bind themselves, as a condition of admission, is, that they will never reveal any of the secrets of this Order to any one, unless duly authorized to do so, and this obligation is renewed as the members advance through the various degrees of the Order. When this obligation to secrecy is taken, the first and longest step is taken toward the more objectionable secret societies. The obligation imposed by the Order is virtually and essentially that of an oath. The candidate for admission pledges his sacred honor in the presence of God. The simple meaning is, that he solemnly calls upon God to dishonor him forever if he shall not do in all respects as he says he will do. The penalty invoked, therefore, is that which attaches to perjury, and the pledge is made under the solemnity of an oath.

We would, therefore, affectionately but earnestly, exhort our people who have joined the Order to free themselves from it, and use only legitimate means, which, in the end, are always the most effectual, to gain their ends.

Therefore,

Resolved, 1. That it is the duty of members of the United Presbyterian Church to free themselves from all connection with the Order of Patrons of Husbandry, where such connection has been made.

2d. That those of our people who may be connected with the Order, are hereby most earnestly entreated to remember that by their profession they have come under solemn obligations to Christ to oppose secret societies.

3d. That in case of obstinate adherence to the Order, it will be the duty of

Sessions to use their authority in the way of discipline.

The following paper of resolutions, offered by Mr. James Mc-Candless, was adopted:

RESOLUTIONS OF THANKS.

Resolved, That the thanks of this Assembly are due, and are hereby tendered to Rev. J. G. Brown, D. D., for the faithful and courteous discharge of his duties as Moderator.

Resolved, That we tender our grateful thanks to kind friends in Monmouth and surrounding country, for their generous hospitality and bounteous enter-

Resolved, That the thanks of the Assembly be given to the gentlemen connected with the Press, for their constant attendance and faithful reports of

the Assembly's proceedings.

Resolved, That the Assembly thanks Mr. Shultz, proprietor of the Hall, for kindly tendering its use for College services, on Sabbath last, free of charge.

Resolved, That the thanks of the Assembly be given to the Railroads, for their generous reduction in fares to members and friends attending the

Assembly.

Resolved, That we return our thanks to the efficient Railway Committee, (Professor J. C. Hutchison, chairman), for their laborious and successful work in procuring said reduced fares, and otherwise providing for the comfort of the Assembly.

Took up the report of the Committee on Temperance. The report was adopted, and is as follows:

REPORT OF COMMITTEE ON TEMPERANCE.

The memorial which has come into our hands, from the Synod of Illinois, states the earnest conviction of that body that the increasing evil of intemperance demands the united action of the various Churches of the land. The Synod therefore requests the Assembly to take such action as will secure this co-operation. The United Presbyterian Church, at the Second General Assembly, gave a distinct deliverance on the subject of Temperance, declaring the manufacture, sale, and the use of all intoxicants as inconsistent with the Christian profession. It pronounced against all complicity in this business, whether by using strong drink as a beverage, or renting houses for its sale. We recommend this General Assembly to re-affirm this action.

We believe there is no power that can successfully cope with the evils of intemperance, save the regenerating power of the gospel, accompanied by the

Holy Ghost.

It therefore becomes Christians to gird themselves with this gospel, and in

God's name to move boldly and unitedly on this evil.

That the United Presbyterian Church may give no uncertain deliverance on the subject of intemperance, we recommend to the Assembly the adoption

of the following resolutions:

Resolved, 1st. That we endorse the Women's Christian Temperance movement as the movement of the whole Church—because it recognizes God and seeks His interposition; because it assaults directly and personally, in the spirit of Jesus, the strongholds of this vice; because the movement has proved itself good, by creating a healthy public sentiment, by reducing the sale of intoxicants, and by the joy it has brought to many a household, by the deliverance it has affected for many a victim, by restoring the operation of the Sabbath laws, by illustrating the power of the gospel and of prayer, and by giving new life and energy to the pulpit.

Resolved, 2d. That this Assembly unqualifiedly declares its faith in the Gospel of Christ, as the regenerative instrumentality for the conversion of the world, and for the abolition of vice and immorality, and most earnestly urges upon all the members of the Church a faithful application of this Gospel

for the accomplishment of these ends.

Resolved, 3d. That the Assembly believes that the reading of the Scriptures, prayer, the singing of psalms, and earnest religious admonition and rebuke belong exclusively to no privileged class or sex, but devolve upon all members of the Church, male and female, and are to be used for the conversion of sinners and for the suppression of vice, by all who love the Lord Jesus Christ.

Resolved, 4th. That this Assembly hereby appoints

as a Committee of Correspondence, to invite the co-operation of various ecclesiastical bodies of the Christian Church, to unite, at as early a day as is possible, in a National Delegate Convention, to secure a movement along the entire line, by the organization of a National Christian Temperance Alliance.

Resolved, 5th. That pastors of settled congregations, and sessions of vacant, are requested to read, or have read, this action of the Assembly, from their

pulpits in the hearing of their congregations.

Minutes of General Assembly. [Vol. IV., No. 1.

The Committee contemplated in the foregoing report are Revs. R. W. French, H. H. Thompson, Dr. James Brown, Dr. R. H. Pollock, J. P. Sankey, J. A. Collins, H. H. Hervey and Dr. J. S. Easton, from their respective Synods.

Took up the report of the Committee on Revision. The report

was adopted, and is as follows:

REPORT ON REVISION.

Five Synods, viz:-New York, Ohio, Kansas, First and Second Synods of the West, have failed to forward their records; and concerning these Synods, your Committee recommends that they be enjoined to forward their Minutes to the next General Assembly.

Your Committee has revised the Minutes of the Fifteenth General Assembly, and of the Synods of Pittsburgh, Illinois and Iowa, and finds that the business of these bodies has been conducted in a proper manner, and accord-.

ing to Presbyterial order. Therefore,

Resolved, That these records be approved.

Took up the report of the Committee on the Memorial on Tobacco. The following substitute, offered by Revs. W. P. M'Nary and James Duncan, was adopted.

REPORT ON TOBACCO.

The memorial of certain ladies of Monmouth in reference to the use of Tobacco, presents a matter of great importance and one worthy of the serious consideration of this Assembly. Therefore,

Resolved, That this Assembly heartily endorse the sentiments set forth in the memorial; that we hail this memorial as the harbinger of a better day, we trust not far distant, when the energies of the Church shall be turned against the use of tobacco as they now are against the use of intoxicating liquors; and that said memorial be published in the papers of the Church.

Took up the report of the Committee on Bills and Overtures on the Memorial of the Congregation of Calcutta. The report was adopted, is as follows:

REPORT ON DUES OF REMOVING MEMBERS.

The Committee on Bills and Overtures having had under consideration the memorial and petition of the Session of Calcutta congregation, of the Presbytery of Steubenville, report that said memorialists complain that congregations are frequently wronged by members removing from their bounds and paying congregational dues merely to the time of their removal. The memorial complains also that as there is no explicit rule on the subject, there is no practicable way of rectifying the wrong. The memorialists having noticed and felt the wrong complained of, pray the Assembly to take notice of it and to give some general directions for preventing the evil in the future.

Your Committee judge that the complaint is well founded. Some of our members remove from one congregation to another, after the commencement of the pastoral year and contribute to the salary of the pastor only for the preceding year, and contribute nothing at all toward making up the congregational dues to the funds of the Church for that year in which they remove.

These things are not as they should be.

As our Church members promise to pay their pastors yearly and not monthly, if they remove when the year is somewhat advanced, faithfulness and equity require that they should pay for the whole year, and not simply for a part thereof, and as congregational assessments are made according to the number of members in the congregation, those who are returned as members of a particular congregation in the statistics should help to pay the quota of the congregation for the year during which they are returned as holding membership. We therefore recommend the following:

Resolved, That when Church members suffer the pastoral year to expire without withdrawing their names from the subscription list, Sessions are authorized to withhold the certificates of such withdrawing members until they pay all their pecuniary liabilities for the pastor's salary up to the time of their removing, and pay, also, their share of the benevolent contributions of the congregation wherein they are reported in the statistical table as being members.

Took up the report of the Committee on Sabbath Schools. The report was adopted, and is as follows:

REPORT ON SABBATH SCHOOLS.

The report of the Permanent Committee on this subject is so full and complete as to leave nothing for your present Committee to do except to call the attention of the Assembly to the various points which it contains. The report asks the attention of the Assembly to the following items, namely: Christian beneficence in Sabbath Schools; the training of Sabbath School teachers; the danger of the Sabbath School becoming separated from the Church; reading matter for the School; missionary work, and helps for teachers and scholars. Upon each of these subjects the Permanent Committee have presented a resolution for the consideration of the Assembly, all of which, except the first, your Committee would recommend for adoption, namely:

Resolved, 1. That in all cases in which it is possible, pastors or Sessions be directed to establish classes in their congregations for the training of teachers; that, along with the Bible, the Shorter Catechism be used as the basis of systematic doctrinal instruction in these classes; and that special lessons be given

in the art of teaching.

2. That as the preaching of the gospel is the great instrumentality for the conversion of children, as well as older persons, pastors, elders, teachers, and especially parents, should see to it that the children of the Sabbath School attend upon the regular services of the Church; and in all cases where parents neglect to take their children with them to the church, they should be admonished in regard to their duty in this matter, by those who have the spiritual oversight of them and their children.

- 3. That the attention of our ministers and intelligent laymen be directed to the importance of preparing and publishing suitable books for the Sabbath School library, and that when any minister or member has become acquainted with a good Sabbath School book, he be requested to forward the title of it to the Board of Publication, that it may be more fully examined, and, if approved, placed upon the list of publications kept by the Board for the use of the schools; and also that the Board be directed to publish, from time to time, a descriptive list of the books which they have selected, and send a copy of said list to each pastor in the Church.
- 4. That every Sabbath School should be missionary in its character—all connected with it should be engaged in efforts to bring in neglected children, and an opportunity should be afforded the scholars, at every session, to contribute of their substance for missionary work.
 - 5. That it shall be the duty of the Permanent Committee on Sabbath

Schools to prepare or procure the preparation of suitable notes for the teachers, and lesson papers for the scholars, and that they be directed to publish them in such periodical or periodicals of the Church as may be willing to admit them or as the Committee may deem best adapted to the purpose.

6. That the Assembly reply to the proposition of Messrs. Young and Fer-

guson, by referring them to this Committee.

7. That the Permanent Committee of last year be re-appointed to serve for

the coming year.

8. That we cordially recommend to our people "The Evangelical Repository and United Presbyterian Worker," as an important auxiliary to Sabbath School work, and would earnestly urge its use in all the families and Sabbath Schools of our Church.

Took up the report of the Committee on the Memorial of the General Synod of the Reformed Presbyterian Church. The report was adopted, and is as follows:

REPORT ON RETURN OF RECORDS OF WESTERN PRESBYTERY.

The records referred to, are, as we are informed, in charge of the Superintendent of Publication, in trust for the Western Presbytery of the Reformed Presbyterian Church, received into union by the Synod of Illinois of the United Presbyterian Church, A. D. 1870. The title to these records is not in the General Assembly. Nor is it competent for the Assembly, in the absence of that Presbytery, to decide upon any question concerning the transfer of said records. While incompetent, for these reasons, to grant the request, either as an act of justice or courtesy, the Assembly have great pleasure in referring the request of the General Synod to the Presbytery. This we now do, with the assurance that any courtesy the Presbytery may be able to extend in answer to the present request will be highly gratifying to this Assembly. Therefore,

Resolved, 1. That in answer to the memorial of the General Synod of the Reformed Presbyterian Church, the officers of the Assembly are directed to transmit to them a copy of the foregoing, with assurances of the fraternal re-

gard of this Assembly.

Resolved, 2. That Rev. J. M'Master, D. D., is requested to call a meeting of the Western Presbytery, received into union by the United Presbyterian Synod of Illinois, A. D. 1870, at a convenient place and time, and lay before them the preceding action of the Assembly, and a copy of the request of the General Synod of the Reformed Presbyterian Church, and request action thereon.

Resolved, 3. That to expedite this object, the Clerk of the Assembly is directed to forward to Dr. M'Master a copy of the foregoing, and of the memorial of the General Synod.

Took up the report of the Committee on Education. The report was adopted, and is as follows:

REPORT ON EDUCATION.

Having examined the report of the Board we would cordially endorse its action and recommend the adoption of the report. The duty of distributing to beneficiaries is a delicate one; and the Board deserves the commendation of the friends of the Assembly for their fidelity and diligence in the discharge of their trust.

It is desirable, in order that the Board may be enabled to do its work, that the objects contemplated by it should be correctly understood and kept distinctly in view by the Presbyteries, by the beneficiaries, and the entire Church appealed to for contributions. We desire to emphasize the fact, however well understood, that the design of the General Assembly in the erection of the Board is not the general work of providing a ministry for the Church, and collecting and distributing a general fund for this object. The design is only to supplement the main supply, and this only and strictly in cases of need, and where the beneficiaries are both of approved piety and promising talent. Were the Assembly or its Board to go farther than this, we conceive it would tend to the substituting of a worse for a better system. That better system has always heretofore secured to the Church a ministry chiefly composed of the sons of pious households, consecrated to the work of God by household prayers, and educated at parental expense; and of noble men, self-consecrated, who have pushed their way through a course of collegiate and theological training by their own privations and labors. The ranks of the ministry must always and chiefly be supplied from these classes. It will be an evil day when pious households shall not have sons to consecrate to Christ's work, and pious and talented young men shall not be found ready to endure sacrifice and toil to fill, unpurchased, a place in the ranks of the Lord.

And if that day were ever to come, the Church will have entered upon a very doubtful experiment, if she will be found endeavoring to provide a ministry at the expense of the people, and by a general fund. No doubt many excellent men would still be found in the ministry, even under such a system of education, but the tendency of the system would be to depreciate the standard of ministerial character and introduce to the ministry, in larger proportion than now, the ambitious, devoid of piety, and the pious, devoid of

talent, self-reliance, and industry. Therefore,

Resolved, 1st. That the Education Fund is designed only for cases of need, where candidates give evidence of exemplary piety and promising talent. And inasmuch as the Board accepts candidates only on the endorsement of Presbyteries, Presbyteries are enjoined to conform strictly to these conditions.

2d. That to secure the end sought, the Board is directed to provide and carry into effect, at as early a period as possible, a scheme of competitive

examinations.

3. That this Assembly direct Presbyteries to raise \$6,000 for the Board

during the current year.

4th. That G. D. Henderson, J. M. Turnbull and John Scott be re-elected, and that D. M. Ure be elected to fill the vacancy caused by the resignation of J. M. Henderson. Also that Rev. G. D. Henderson be elected Corresponding Secretary.

On motion, an order was granted for five dollars and thirty-five cents, in favor of Rev. W. H. Andrew, for expenses of Committee on Preservation of Old Records.

The following resolution was adopted:

Resolved, That Rev. J. R. Johnson be continued the Agent for the China Building Fund, until the whole amount authorized shall be received.

Revs. D. H. French, J. G. Madge, and S. Collins, and Messrs. J. M. Wallace and William Getty were appointed a committee to secure reduced fares for the members of the next General Assembly.

Rev. R. H. Pollock, D. D., and Hon. J. H. Downing were

appointed a Committee on Credentials.

The minutes of this evening's session were read and approved.

The following resolution, offered by Rev. W. R. Erskine and Dr. R. H. Pollock, was then adopted:

Resolved, That this General Assembly of the United Presbyterian Church be now dissolved, and that another Assembly, similarly constituted, be called to meet in the United Presbyterian church, at Wooster, Ohio, on the fourth Wednesday of May, A. D. 1875, at 2 P. M.

The Moderator addressed the Assembly in a few appropriate remarks. Prayer was offered by Rev. H. H. Thompson, the 133d Psalm was sung, and the benediction was pronounced by the Moderator.

J. G. BROWN, Moderator.

J. T. COOPER, Principal Clerk.

APPENDIX.

REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

DEAR BRETHREN.—Your Trustees would respectfully report: That they have endeavored to give attention to "some things not attended to, and some things requiring attention."-See Minutes of General Assembly, page 533, to which our attention was duly called, both by the Principal and Second Clerks

As to forms of Bequests, we would recommend the following, which will answer for Pennsylvania, and, we presume, for all the other States. We once before furnished the periodicals of our Church a similar form, and it was published for a while, and then dropped out. Assembly can order this, or some similar one, published as they may think best.

FORM OF BEQUEST.

The foregoing should be signed by the Testator, in the presence of at least two witnesses, and attested by them as witnesses. And, in Pennsylvania, it must be done thirty days before the death of the Testator, or it will be void.

We would recommend the Assembly to instruct the Board of Publication to have blank forms of Charters for Congregations of the United Presbyterian Church, printed on good paper, and kept for sale at their Book Depository, of the following form, or something similar to it. We think this would be convenient for congregations, and secure a safe and uniform tenure by which Church property for congregations, and secure a safe and uniform tenure by which Church property would be held:

FORM OF CHARTER.

To all to whom these presents may Come, Greeting:

KNOW YE, that the persons whose names are hereunto subscribed, and their

Said association or congregation, by said name, shall be constituted a corporation or body politic in law and in fact, and shall have perpetual succession, and shall be able and capable to have and use a common seal, and to do all acts and enjoy

all powers and privileges allowed by law to like corporations.

They shall be capable to own and hold so much real estate and personal property as shall be necessary for their legitimate uses; provided, the clear annual income derived therefrom (exclusive of their stated or voluntary contributions) does not exceed twenty thousand dollars. And the same to mortgage or dispose of as two-thirds of the members of said congregation shall direct; provided, that said property or the proceeds of the sale of the same, shall never be alienated to any other purposes, but shall ever be kept and used for the maintenance of the worship of God, in accordance with and subject to the standards and acts as from time to time declared and authorized by the General Assembly of the United Presbyterian Church of North America.

The temporal affairs of said congregation shall be managed and conducted by a Board of Deacons or Trustees,.....in number, who shall be in full communion in said Church, and shall be elected by the members in full communion, to serve not repugnant to the Constitution and laws of the United States, or of this State,

or of this charter.

Domini 18

The Gas Stock, referred to in the Minutes of the last General Assembly, we find, upon investigation, is not subject to the control of the General Assembly or

their Trustees.

The McKee and Robert Nelson legacies, referred to in said Minutes, your Trustees have no official knowledge of, they never having been brought officially before them. There are several legacies, in different parts of the country, which your Trustees are endeavoring to collect. Some of them we have employed counsel to collect; for others we have furnished to ministers or friends powers of attorney to attend to the interest of our Church. Several of them, through the improper wording of the bequests, we fear, will be lost to our Church. None of them are in such condition to be definitely reported upon.

At the request of the Board of Church Extension, we executed a deed for the

church property in Morrison, Tennessee.

Our President, Dr. Brown, will report to General Assembly on the mortgage for

the church property in San Francisco.

The official term of Messrs. Thomas McCance, David Reed, and S. B. W. Gill, will expire on the first of July next. Hoping that you may have the guidance of God's Spirit in all your deliberations, we submit the foregoing.

By order of the Board of Trustees,

GRAHAM SCOTT, Secretary.

REPORT OF THE BOARD OF FOREIGN MISSIONS.

To the General Assembly of the United Presbyterian Church, to meet in Monmouth, Illinois, May 27th, 1874:

Every passing year, and in manifold ways, God is more and more opening up and calling for the evangelization of the world, and showing it alike the duty, the privilege, and the glory of His Church to be ever engaged in seeking this blessed consummation. Yet, in all the foreign missionary history of our United Presbyterian Church, seldom has there been a year of such varied experiences and results as the past; no one of more marked indications of the Divine presence and blessing; no one of greater trials, at times, to our faith; and no one that, at its close, has had more that impressively called for humbling and thanksgiving before God for the past, more for trust and good hope in God for the future, and more for renewed and entire consecration to God and to duty for the present.

In making their Fifteenth Annual Report, the Board invite the attention of the Assembly to a statement of the work done during the year, and to an earnest consideration of various matters that are deemed of great moment to this cause, as

God has, in some measure, solemnly committed it to our hands.

I .- THE MISSIONS.

Throughout the year, the same fields have been occupied as hitherto, viz.: Syria, India, Egypt and China. In some of them, new and promising stations have been opened, and in all of them it is felt that if there were only men and means for the service, far more could be done than has ever yet been even dreamed of with the limited resources at our command.

II .- MISSIONARIES.

In the good providence of God, no one of our missionaries has died. Not a single case of bereavement has occurred in the mission families. Some changes have been made, and some of the laborers have had to remain away or retire more or less permanently from the work. The Rev. James S. Barr and family have continued in this country during the year, with important benefit to their health. On September 8th and November 4th, respectively, Rev. Drs. Lansing and Barnett, with their families, reached this country from Egypt, and have remained to the present time. In the case of all these missionaries, there were painful necessities for the courses they pursued, and it is believed that already much good has resulted in the renewal of the health and strength of most of them, and in the pleadings which they have been able to make for the cause of missions. Ere long, some of them will, it is believed, promptly return to their work. On the field, Dr. Hogg, of the Egyptian Mission, has been compelled, by the severe attacks of the ophthalmia upon his children, to send three of them to reside permanently in Scotland; the Rev. J. C. Nevin and family, of the mission in China, have derived signal benefit from the commodious mission premises provided for them at Canton; and the summer visit of the members of the India Mission and their families to Dharmsala, on the Hills, of those of Syria to Bludan, on Lebanon, and of those of Egypt to Ramleh, on the Mediterranean, near Alexandria, have been of great benefit to their health and continued labors and usefulness.

III.-NEW MISSIONARIES.

On Saturday, the 18th of April, the Board were able to have the Rev. A. M. Nichol and wife go forth to join our mission in Egypt. This was done through the munificent kindness and contribution of a single member of our Church, who generously engaged to furnish the means of supporting a new laborer in that field. Such an act is truly noble. It is worthy of all praise. Are there not others in our Church who will thus undertake to have other new men sent out? Most deeply are the Board impressed with the feeling that more laborers are needed; and it is earnestly hoped this Assembly will appoint more, both men and women, who will certainly go.

IV .--- FUNDS.

| The balance in hand, May 1, 1873, was The whole amount received during the year | \$6, 59, | $\frac{192}{460}$ | 50 98 |
|--|-------------------|-------------------|-------------|
| Total in the Treasury The whole amount disbursed | \$6 5, | 653 | 48 |
| Leaving a balance in hand, May 1, 1874 | \$ | 689 | |

From this it will be noticed the total receipts for the year were \$3,209.18 over the contributions of the preceding year.

The whole amount appropriated by the last General Assembly was \$59,676 in gold, or \$73,846 in currency. Thus the amount appropriated by the Assembly exceeded that contributed by the churches by \$8,192.52.

It is painfully due to fact here to say, that in scarcely any year has there been such a deficiency of funds in our treasury during a large portion of the time, and such a consequent loss, in the necessity of our missionaries to borrow at enormous sacrifices. Multitudes in the churches deferred their contributions until late in the year, and thus, during much of the summer, autumn, and early winter months, there came in little or no means of meeting the pressing want. Unfortunately, also, in consequence of the panic and other causes, the Board was not able to make the arrangement proposed to effect loans in this country. Thus the year has been signally one of inconvenience and trial; and most earnestly is it hoped every minister, elder, and member of our Church will thoroughly see that, so far as his influence can go, such a state of things shall never again occur.

DEATH OF MR. THOMAS B. RICH.

In connection with the subject of funds, the Board have the painful announcement to make to the Assembly that, on the 22d of February last, Mr. Thomas B. Rich, the Treasurer, departed this life. The most grateful and honorable notice of this excellent man is due. Born and reared in the Associate Reformed Church, in the city of New York, he was, in 1844, on the recommendation of the late Rev. John T. Pressly, D. D., and others, who had long known him well, appointed Treasurer of the funds used in sending out and supporting the foreign missionaries of the Associate Reformed Church, and on the consummation of the union, in 1858, he was continued the Treasurer of the Foreign Mission Fund of the United Presbyterian Church. That trust he ever faithfully filled. He made himself the friend of every missionary. Often he advanced, from his own funds, rather than that a remittance should fail to be sent, when a missionary would be needing it. Never would he take any remuneration for his services; and even when the infirmities of eighty years were on him, he still held his place, and filled it well to the last. Most richly is the lasting gratitude of our United Presbyterian Church and its foreign missionary work due to this worthy man.

Here the Board also gratefully mention that Mr. James Buchan, a nephew of Mr. Rich, and who had long been associated with him in business, and thoroughly understood all our mission accounts, very kindly proffered his services to act as Treasurer, at least to the close of the fiscal year, or the meeting of the General Assembly; and, thankfully accepting his proffer, the Board have since had all their financial matters in his hands, and can gratefully say that during the time of his occupancy of the trust they have been managed with most marked promptness,

regularity, correctness and good order.

V .- RULES AND REGULATIONS.

After much consideration, and with a view, first, of having a general uniformity in our missionary operations; and, secondly, of having the Assembly and the churches understand as fully as possible the minutiæ of our work, the Board prepared a series of Regulations in regard to Salaries, Outfits, &c., which were sent to each of our missions, and to which the attention of the Assembly is earnestly asked. They are as follows:

The Board having examined the records of the different Foreign Missionary Boards of our country, find that the following sums are paid by them for outfits,

salaries, and allowances for children:

OUTFITS.—The American Board pay a married missionary, if needed, \$750, a single man \$425, and a female missionary \$325; the Presbyterian Board, a married man \$600, half gold, a single missionary \$300, and a female \$300; the Methodist, a married man \$550—in China \$600, India \$350; the Baptist, \$500, single missionary, male or female, \$250 each; the Episcopal, a married missionary from \$350 to \$450, a single missionary, \$150; the Reformed, (Dutch), married man \$600, single \$300; the Reformed Presbyterian, married missionary \$400, single \$200.

SALARIES.—In India the American Board pay \$1,000; the Presbyterian \$1,000 to \$1,080; the Reformed, (Dutch), \$1,100; the Methodist, \$1,200. In China, the American Board, \$900, and Southern China \$800; the Presbyterian Board, \$1,000, except in Canton \$900: the Methodist, \$950; the Baptist, \$800 and house; the Episcopal, \$1.000. In Bulgaria and Western Asia the American Board pay, according to size of family, from \$650 to \$750; Presbyterian Board, from \$800 to \$1,500,

and no house; the Methodist, \$850.

In regard to single missionaries, the American and Presbyterian Boards each pay two-thirds the salary of a married missionary; the Methodist pay in China \$550, and in India \$1,000; the Baptist, \$800, and no house; the Episcopal, \$600; the Reformed, (Dutch), \$600. For an unmarried female missionary the American Board pay one-half the salary of a married man; the Presbyterian, from \$280 to \$600; the Methodist, to China \$475, and India \$750, including outfit; the Baptist, \$400 to \$500; the Episcopal, \$450; the Reformed, (Dutch), \$600; the Reformed Presbyterian, \$400.

ALLOWANCES FOR CHILDREN.—The American Board allow for children from \$75 to \$100; Presbyterian, \$100; Methodist, \$100; Baptist, nothing since 1859; Episcopal, 5 per cent. on the missionary's salary, from three to seventeen years of

age; Reformed, (Dutch), \$100.

In view of these Rules of other Boards, and of the circumstances of our missions as far as they are known, the following are adopted as the standing rules of the Board for the United Presbyterian Church on these points:

I. Outfits.—For a married missionary, \$500; for a single man, \$300; for an unmarried female, \$200. In each case these outfits will be paid in currency. No

outfit shall be allowed on leaving or returning to the field.

II. SALARIES.—Missionaries with families, in India and Egypt, shall be paid \$1,200 each, and in Syria and China, \$1,000 each. In places where the Board have no missionary residences a fair allowance for house-rent shall be put in the annual estimate of expenses to be recommended by the mission, and subject to the approval of the Board.

Single missionaries shall receive \$800 each, except in Syria and China, where the salary of each shall be \$700. Each unmarried female missionary shall be paid \$500 in India and Egypt, and \$450 in Syria and China, including house-rent.

III. ALLOWANCES FOR CHILDREN.—Each child under ten years of age shall be allowed 5 per cent. of the salary of the missionary, and over ten years of age and

under eighteen, 10 per cent.

IV. FINANCIAL REPORTS.—Each mission shall make to the Board, with its Annual Report, each year, a detailed statement of its receipts from all sources, and its expenditures, and show the surplus or deficit in its treasury.

VI .- MISSION PROPERTY.

In view of any possible change in foreign countries, and of our Church having the exclusive and permanent hold of any missionary premises or buildings that have been procured by gifts or moneys for the mission work, and the interests of the United Presbyterian Church of North America placed in jeopardy, the Board have drawn up and forwarded to the missions the formal declaration of the fact that all such properties and buildings shall be held in the name and under the control of this Board of Foreign Missions, as an incorporated body, and subject to the will of the General Assembly.

VII .- SPECIAL OBJECTS.

The Board have carefully sought to have each mission include in its estimates, each year, all the items for which appropriations shall be made by the Assembly, and which the churches shall be asked to provide for during the ensuing year. Any subsequent introduction of new or different objects leads to a diversion from the work to which we are pledged, and the great danger of a failure to have the means of carrying on the work in which we are already engaged. Most earnestly, therefore, have the Board desired and encouraged individuals, societies, Sabbath Schools and congregations to send all their contributions to the general fund, and for the objects named in these estimates.

On this important subject the Board have taken and published the following

action:

The report of the Board of Foreign Missions to the General Assembly of the United Presbyterian Church, at its meeting in Philadelphia, May, 1873, directed particular attention to "Special Objects," and pointed out some of the objectionable features of this method of raising money to carry on the work of the Church in heathen lands. See page 557 of the Minutes, as follows: "During the past year, as previously, contributions have often come into the treasury for special objects, -sometimes for a special mission or missionary, or mission work, -and, as far as possible, the Board have always been anxious to carry out the wish of the donor. But there are serious difficulties connected with this course. It requires a great, many different accounts to be kept,—as constant danger of confusion arising among so many different objects, -has sometimes the appearance of unpleasant partiality and favoritism, and thus tends to discourage, or excite painful feelings among missionaries,—and, if always strictly carried out, such special gifts would have some missions over-supplied, and some entirely crippled. Most earnestly, therefore, and after much consideration, the Board would urge the Assembly, the churches, and the friends of missions, to forward their contributions to this cause to the general fund, and the Board will faithfully endeavor to distribute them, in every case, so as most to promote the great work we love in all its parts and details, as each has necessity or occasion." The General Assembly adopted the fol-(See page 537 of the Minutes.) "3d. That, as all our mislowing resolutions:

sions have been founded on the conviction that they were needed, and shall be sustained, and as all the appropriations made by the Assembly are based on estimates from the missions, and are such as will meet the calls of each; and any thing separate or outside of this tends to divert or distract from the general work, and often produces unpleasant results; therefore, special objects or funds, shall not, ordinarily, be authorized or encouraged; that each mission be instructed to forward, in its estimates, any object, common or special, requiring funds, and the amount; and that all the churches, missionary societies, Sabbath Schools, and friends of missions, be urged to send their offerings to the general fund, that the Board may disburse them according to the appropriations of the Assembly."

The above action is now the only guide for churches, societies, individuals, and missionaries; yet, from various portions of the Church, propositions are being made to support particular parts of the work, and sustain designated individuals as missionaries. And missionaries themselves, by letters from their field of labor, and by personal appeals while in this country, have urged upon congregations, societies, and individuals, the taking up of special objects, and excited a very great interest

in these objects.

The Board has a very deep and anxious concern for the success of all the missions under its care, and is rejoiced to see the Lord's people casting their money into the treasury, to be used in the good work among the heathen. But, at the present time, the Board was never more perplexed as to duty, in view of the many special objects appealing for aid. The conviction is not changed, that this method of carrying on the work, however promising and flattering at the outset, will, at the end, cause disappointment, complaining, and positive injury. This will

appear from the following considerations:

1st. The expenses of the various missions are based upon annual estimates made by each mission, and intended to cover, and include every part of the work for the current year. If any thing is omitted or neglected, the fault is with the mission. These estimates are the basis of the appropriations made annually by the General Assembly. The aggregate makes a large sum, and it is with difficulty that the amount is collected. Often the general treasury is empty, and frequently the missionaries have to borrow money at high rates of interest. The contributions from all sources rarely exceed the appropriations, and generally full below. And it is a noticeable fact that, when a "special object" is before the Church, the amount contributed to that object bears a striking proportion to the deficit in the general contributions. The result can easily be seen. Some part of the work must suffer. The special object has been attained, the great and more important work is crippled, disappointment ensues, complaints are made, perplexities arise. The missionaries, who themselves were the first to suggest the taking up of a special object, are often the greatest sufferers from this diversion of the funds. They fondly hoped the amount would be raised in addition to the regular contribution, but the hope too often proved only a sad delusion.

2d. The inequality, and consequently injustice, of the whole matter of "special objects," is apparent from the experience of the past, and from the unhappy results as at present existing. Take the case of an individual, (man or woman,) supported by a particular church, society, or individual. Such persons know at the outset that their support is provided for,—all the other members of the mission may, from want of funds in the general treasury, be on short allowance or real want, while they are comfortable through the partiality of churches or friends. A feeling of independence, both of the mission and the Board, is created, and naturally so; this may, and has lead to unpleasant and injurious conflicts, culmi-

nating in positive refusals to do work assigned them.

This inequality is further seen in the erection of churches, dwellings, schools, &c. Each station should be provided with such of these as may be necessary. Yet, in the past history of our missions, some devoted men and women have lived in tents for years, while, in the case of others, having no greater claim on the Church, after stirring and affecting personal appeals, commodious buildings have been secured. The charge of partiality and favoritism has followed, and the less favored missionaries have felt themselves overlooked and become discouraged.

The multiplying of accounts is a very serious objection. The treasury of the Board, and the treasurers of the various missions, must keep a separate account for each fund. These special funds are regarded as independent of all other objects or work. The amount originally asked for, or needed, may be largely exceeded; yet the balance to the credit of the fund, however large, cannot be used for any other purpose, however great the necessity. The Board has no control over it. The mission can only use it for the particular object to which it was given.

Any diversion of it, would be acting in bad faith to the donors. It is evident, then, that if the general work merges into special objects, as is now so manifest, there may be a time when a large amount of money will be locked up and practically be of no use, and in the case of the special object ceasing to exist, there would be a difficulty in properly disposing of the moneys to the credit of that object. On the other hand, if the amount needed for the special object should not be contributed, the deficiency would have to be supplied out of the general fund, or the work cease.

3d. The support of a missionary, or of a particular school or college, depends upon the life and ability of the donor or patron, or upon the continued interest and regular contributions of churches and societies. The death or misfortune of the individual would cut off the former, the lack of interest and contributions would cut off the latter. The result would necessarily be, either the support of these out of the general fund, or the recall of the hitherto favored missionary, and

the closing up of the school or college.

4th. The multiplying of special objects, and the failing to support them after being undertaken, would put upon the Church a burden that might be too heavy to bear; and if encouraged, under any circumstances, they should not be taken up without a formal and certain guarantee on the part of the individual donor or patron, society or congregation, that the necessary funds would always be provided to support them. It is probable that this consideration has not received the attention it merits. The first impulse often leads to devotion, sacrifice and liberality, but after a time new objects present themselves, and the old are forgotton or neglected.

Is there any method by which societies, congregations and individuals may appropriate funds to particular objects? This seems to be the pressing inquiry at

the present moment.

The following suggestions are made in the hope that they will meet all the

special cases that can possibly arise:-

1st. The missionaries under the care of this Board shall, at the beginning of each year, make an estimate of their work for the year, and include in it all their current expenses and all the proposed new work for the year.

2d. That the Board shall have printed for general circulation among the churches, a detailed statement of the estimates thus furnished by the missionaries.

3d. That in no case shall a new or special object, not in the estimates, be

brought before the Church in any form, or by any person.

4th. That societies, congregations and individuals may contribute to the support of individual missionaries now in the field, or that may be hereafter appointed, without designating the individual by name, likewise to the maintaining of schools, academies, colleges, &c., without designating any one in particular; also to the general work of any particular mission. The Maharajah Dhuleep Singh, contributes \$2,500 annually to support two missionaries in Egypt, without designating them by name. And it is very common for individuals and congregations to designate a particular mission to which their funds are to be sent.

To give directness to contributions, the following items may be of service: The amount necessary to support a male missionary is about \$1,200 in gold annually; a female missionary \$500 in gold annually; a student say \$100 in gold

annually; a scholar say \$50 in gold annually.

5th. That the entire membership of the U. P. Church be urged to consider the work in foreign lands, undertaken by the General Assembly, as one great object; each missionary as on an equality with every other missionary, and entitled to the same hearty sympathy and support; each station as needing all the comforts and conveniences of every other station; and the chief design of the whole work, the glory of God in the salvation of souls, and the extension of the Redeemer's kingdom in heathen lands.

Is there not motive enough in all this to kindle a flame of devotion, love and sacrifice that will never be extinguished?

VIII. -BOARDING SCHOOLS.

More and more each year are the Board impressed with the importance of these training places for the young. In several of the missions it is believed much of the expense of the pupils in such a school would be defrayed by the natives themselves, and in being carried through a proper course of training both in letters and in the duties of a Christian home, a great step would be taken towards securing

for both our native Christian young men and young women the safe and proper

companions and partners for their subsequent lives,

The importance of the subject cannot be over-estimated. A Christian home is the basis and the nursery of a Christian Church, and never can there be proper Christian homes without Christian training.

IX .- MISSIONS.

The several missions have forwarded us full statements of their operations during the year; but as these will appear in the Annual Report of the Board, it is deemed best to lay before the Assembly only their general statistics and facts, and this will be done in regard to the several missions in the order of their establishment.

1. Syria.

This mission was entered on by our Church in 1845, and continues to be prosecuted in pleasant harmony and co-operation with the missionaries of the Presbyterian Church of Ireland. It has one station, Damascus, and seven out-stations, Nebk, Deir Atiyeh, Yabrud, Rasheiya, Ain esh Sha'ara, Ma'ara and Bludan. It has two missionaries, Rev. John Crawford and Rev. J. F. Patterson, M. D., with their families, 14 native helpers, 64 communicants, and 7 schools with 294 pupils in them. During the year 6 persons have professed faith in Christ, 329 volumes of the Holy Scriptures were sold, religious services, both in Arabic for the ratives, and in English for the English-speaking population, were held throughout the year in Damascus, and the Sabbath School was carried on without interruption. Two young men from this mission have entered the College at Beirut, and are supported by the collections which are taken up at the mission's English service.

2. India.

This mission was established at Sealkote in 1856, and has now three stations, Sealkote, Gujranwalla and Gurdaspore, and one out-station, Zafferwal. In this important mission there are two large districts that contain nearly two millions of people. Both are left, in the providence of God, almost exclusively to our United Presbyterian Church, and yet we have in all this field a total of only two ordained American missionaries and one native, three females, one native probationer and twelve native teachers and helpers. There are four churches more or less completely organized, with 77 communicants in all, and an average attendance of 300 persons upon the means of grace. During the year 31 persons were added to the membership of the churches—21 by profession and 10 by certificate—and there was a decrease of 18 by deaths, removals and discipline. There were also 19 adult baptisms and 10 infant. In the various schools 1,078 pupils were reported, 693 of whom were males, and 385 females. In this mission much work has been performed, and the laborers are most oppressively burdened; Rev. Samuel Martin and wife being at Sealkote, and Rev. J. P. McKee and wife at Gujranwalla. Miss Calhoun is in charge of the city girls' school in the latter place, with an enrollment of 360 girls during the year. In all this mission, it is believed there is a great work opened up to be done among the women; and the happiest and most important results might be expected to follow, if only thorough and devoted Christian women could be engaged in it.

AN IMPORTANT PROPOSITION.

At its last meeting, the Board received a communication from the Rev. Samuel Martin, of this mission, which was felt to be of much interest and importance. It is as follows:

"Another subject to which I wish to call your attention, is a scheme for the union of all the Presbyterian missions in India. I send, by to-day's mail, the proceedings of the last convention on the subject, held at Allahabad, in November last. There is no attempt at organic union, but at the consociation or federal union, something after the nature of that proposed in America lately. The advantages of such a union will be many, specially in view of the fact that the Ritualists are making such efforts to obtain the ascendency here, and are ready to encroach upon other missions whenever opportunity offers. I have been authorized to lay

the matter before the Board, and I now do so, hoping that it will receive due consideration. We shall be glad to receive your instructions in regard to it."

After consideration, it was

Resolved, 1. That the Board incorporate in the report to the General Assembly the request of the mission in India on the subject of the confederation of all the

Presbyterian missions in that country.

Resolved, 2. That, from the information we have on the subject, we recommend the General Assembly to authorize this confederation upon such terms as will not affect the ecclesiastical relations of the mission to the Church at home, or in any degree compromise her distinctive principles.

Resolved, 3. That the papers in connection with this request of the mission on

confederation be laid before the General Assembly.

The case is accordingly herewith laid before the Assembly, and its earnest consideration is asked to it.

3. Egypt.

Though one of the latest, this is one of our most important missions. It was commenced at Cairo, in 1855, by Rev. Thomas McCague, and has gradually extended until now it has 9 regular stations and a large number of out-stations. It has 6 foreign and 2 native ordained ministers, 1 foreign and 1 native licentiate, 54 teachers, and a total of 78 laborers. It has 6 fully organized churches, with 508 communicants, and an average attendance of 650 persons on the Sabbath. It had an increase of 83 to its communion roll during the past year,—79 by profession and 4 by certificate,—and there were also 70 baptisms. The decrease of membership was 16, viz.: 13 by removal, 2 by death, and 1 by suspension.

This mission has well organized schools in each mission, besides more or less

complete ones in the various stations. In the regular schools, there are 861 scholars; in the Academy or Institute at Osiout, 85; and in the theological class, 6. Most of this class will, ere long, be qualified to enter fully upon the work of the

ministry among the hundreds of thousands of their countrymen.

In this mission, the people have been specially taught the duty of contributing to the support of the gospel, and to promote the cause of Christ. the sum of \$2,952 in gold was given by the natives themselves, being an average, in some of the churches, of over \$20 per member, - and that, when not more than one-third of the entire membership of the churches receive \$150 a year, and many of them not \$100.

MISSION PROPERTY IN CAIRO.

For some time past, the Government of Egypt has been desirous of securing to itself, for the improvement of the city, the valuable property which was so munificently granted to our mission some years since, under the administration of the late Viceroy, Said Pasha. After much consultation and care, negotiations for this were completed on the 14th of May last, and the property was taken by the government for £7,000 (\$33,880 in gold,) and a plot of ground containing about 2,000 square metres (about 6,500 feet) in a most eligible part of the city. The deed for this property was drawn in the names of Revs. G. Lansing and A. Watson, as agents of the Mission of the United Presbyterian Church of North America, this being the only way in which it could be written, seeing that the courts of Egypt never give deeds of property except to persons. But these brethren can now sign a legal document declaring that the lot is held by them, only in trust for the Board.

In various ways, and with much personal friendship, the mission was greatly aided in the negotiations that were carried on in this important case by the very cordial and generous offices of the Hon. R. Beardsley, United States Consul-General for Egypt. Mr. L Muller, of the banking house of Todd, Rathbone & Co., rendered most noble aid; and for many years he, and the entire firm to which he belongs, have given all our missions' financial concerns the most generous and

useful attention.

The mission propose to erect on the lot, and with the money secured by the above sale, much more suitable and commodious mission premises. In the meantime, the money is securely and profitably invested, and the buildings required for missionary residences, schools and religious services have been rented, the expenses of which are to be defrayed from the interest of the money derived from the above sale.

A COLLEGE IN EGYPT.

From the beginning the Board, in common with the mission, have felt the importance of having, at the earliest day, and in the most permanent and effective form, a well-trained native ministry raised up for the work in Egypt. Hence encouragement was given to the formation of the institute at Osiout, and the Theological School at Ramleh. But it is now felt that an institution on a larger scale, with suitable buildings, libraries, apparatus and professorships, and the whole properly endowed, is a matter of the utmost moment. It is believed, also, that individuals, both from this country and abroad, will generously respond to an appeal to carry out the plan, without the necessity of drawing from the regular contributions of the churches, as they are so thoroughly called for to meet the constant and imperative current expenses of the missionary work. With much care, then, the Board have issued the following paper, and respectfully ask the attention of the Assembly to the establishment of a college in Egypt on the general terms proposed. The paper is as follows:

"Whereas, The Missionary Association in Egypt has decided to establish a Training College and Mission Seminary at Osiout; and, whereas, in response to an appeal in behalf of this institution, addressed to friends in this country and Scotland, funds are being contributed for it independently of the regular contributions

for ordinary missionary purposes; therefore, "Resolved, 1. That the Board express its approval of the establishing of this college, with the understanding that the whole amount necessary therefor shall be contributed independently of the ordinary contributions for missionary purposes. That the Board report this action to the Assembly, for its approval "Resolved, 2.

of the same.

"Resolved, 3. That in case the Assembly shall approve of the establishing of the proposed college at Osiout, it shall direct that the Board shall have control of the funds contributed therefor, and that the title to the property shall be held in the name of the Board of Foreign Missions of the United Presbyterian Church of North America; and further, that the management of the institution shall be under the control of this Board."

RELIGIOUS READING.

A spirit of religious inquiry, and of longing for the Scriptures and other religious reading, is more and more widely developing itself throughout the land. To meet it, the mission have issued from its press at Alexandria, during the year, 380,000 pages, mostly tracts, for gratuitous distribution. The American and the British and Foreign Bible Societies have generously contributed largely to supply the country, through our missions, with the Word of God. And both of these noble institutions, together with the American Tract Society, propose to furnish still more liberally for the future, as the demand for such matter may increase.

4. China.

To this great mission field, the Rev. J. C. Nevin was appointed by the First General Assembly of our United Presbyterian Church, and, proceeding at once to his important work, founded the mission in Canton, where he has ever since perseveringly prosecuted his work. His report for the past year, it is thought, cannot, with justice, be condensed, and the Board, therefore, present it in full, as best describing the work and the condition of the mission.

"I beg to present to the Board my usual Annual Report for the past year. have great reason to do so with much gratitude to the Great Giver of all good, who has been pleased to spare us in prosperity and health and comfort to its close. I can most assuredly say that of all the years I have spent in Canton, not one has been so pleasant and home-like. Our comfortable, cheerful home has been like an asylum for relief from the pressure and knocks of the heathen world without, and has been blessed to making us often feel strong in the midst of great weakness.

"Regular service has been kept up in the chapel, publicly proclaiming the gospel to all who were willing to stop and hear. A large number have thus been repeatedly brought to hear the word of life, and many from a distance and from the surrounding country have been pointed to the Saviour. I cannot help feeling sure that God will make this seed fruitful in some cases, even in the hearts of those who have heard—while we know that the Word will, in His own time, accomplish His purpose, if it be in the hearts of others than those who have heard with their own ears and seen with their own eyes. Much serious attention has been given to the word of exhortation, and some attempts at setting it at naught have likewise been made. In several of the chapels brow-beating has been resorted to by agents (I have no doubt) of the anti-gospel movement, which I spoke of in my report last year. Their effort at imitating our methods of benevolence and plans for disseminating the gospel by stated public preaching, does not seem to satisfy their hostile feelings, or to prevoke notice on our part; and consequently pent up wrath and ill-will must occasionally break out. Even such attempts as these have failed to change the tenor of our way or to ruffle the evenness of our work. Whether, then, this spirit will grow or not, remains to be seen. The past year was one peculiarly subject to hostile demonstration on the part of the Literati, owing to the fact that it was the term for the great triennial literary examination. Over ten thousand candidates, from all parts of the Province, were gathered here, with perhaps as many more such strangers in the persons of their accompanying friends and attendants.

"One of these preaching places has been opened lately, on the same street with our chapel. We take this to be quite a compliment, especially, too, as it is the largest and best appointed place for such public work yet opened in Canton by either heathen or Christian agency. Just in proportion as the power of the gospel spreads and develops, may we expect opposition more or less bitter. So we feel encouraged by this jealousy and spirit of competition, and trust that a day of overturning is near at hand. This revolution may be peaceable, and it may be violent. Late news from the north of China tells us of a bitter hostility that has broken out into open persecution to the death against certain communities of Christians in the Shantung Province. While, on the other hand, word comes from Japan of a proposition from native sources, to settle the dispute between Christianity and Buddhism, by open discussion between the advocates of these systems—the debate to be carefully reported and printed for distribution among the masses. Our strength and hope is in God, who, we know, is preparing the way for the coming of the kingdom of our Lord and Master, and who will use and permit such means and agencies as shall most surely accomplish His will. So it is in the midst of opposition we feel encouraged, and trust that all the friends of the China Mission will see that their maintenance of the gospel here has not been without a very specific object.

"In connection with the preaching service some tracts have been distributed; but it has been more of my care to put copies of the New Testament into the hands of such as it seemed to me would likely make proper use of them. Where on all this vast sea of humanity they have drifted, I know not. But surely the eye of the Master has not lost sight of His treasure, and knows whether they shall prove to

be a savor of life or a savor of death.

"Accessory to the general work I have maintained a regular morning exposition of Scripture at prayers, and a weekly Bible-class, in which explanation and examination share equally. Much comfort has been had from these exercises and

fruit has been anxiously expected in the conversion of some who attend.

"One middle-aged man has given great encouragement to hope that a work of grace is going on in his heart. We had hoped to have received him to come forward. Often have we seen apparently serious impressions grow and bud, almost ready to burst into flower, when some biting frost has come from some quarter and nipped our hopes. It is hard to come out from the broad road where tens of thousands densely crowded together whirl along,—seething and foaming maelstroms being formed daily and hourly, and dragging many a halting and weak inquirer away from the truth and the life. It is perfectly astounding to witness the gravity and power which even the most stupid and silly superstitions assume and exercise, and to the eye of man, utter despair seems written over the heads of other forms hoary with centuries and venerable with use. But it is the work of the servants to sow and to water, and the prerogative of the Master to give the increase. So we labor in hope.

"Our school has been in full operation throughout the year, with its full complement of scholars on the roll of twenty-five, and a very good daily attendance. The course pursued has been the same as in previous years, and is a very hopeful feature of our work. The building has been in a wretched condition, not, however, for want of funds, I am thankful to say, but because of unexpected difficulty in securing a much desired addition to our lot. I wrote you some months ago of the failure to get a lot adjoining us on the north. Hope has again sprung up within

58

the last few days, and, by God's blessing, we may get the property adjoining us on the south. At present negotiations are pending; but we may be disappointed in our hopes, unless it be the will of the Master to put up the needed buildings for schools and chapel, and have much better facilities for our work in every way than it would be possible to secure by building just now. I have thus delayed going forward, not only because it quite accords with my own judgment, but more especially because it is in keeping with the advice of a friend who has already done much, and done it well, too, for the United Presbyterian Church, and whom we expect to help very liberally indeed in this matter. But more of this at the appropriate time. The school will be opened again for 1874, and the most made of it that may be possible.

"I have given some time to personal instruction in the schools, in addition to regular catechising and explanation of Scripture doctrine. In this connection, I have made considerable progress in the preparation of a geography and atlas for the use of the boys, and hope during the coming year to print it, in part, at least. It is a very tedious work, as any one will know who has ever attempted anything of the kind; and especially so because of the cumbrousness of the Chinese characters in expressing names, and in the economy of space. Still it is much needed and must be prosecuted, if it be but slowly, according as I may find time and strength.

"The version of the Psalms has also shared my attention. I have set out to prepare two versions of each Psalm, and a literal translation of each into the Canton vernacular. I am thus compelled to go over each one with assiduous care three times. This tends to make a slow work still more slow. It seems almost needless to say even this much by way of apology, to any who might be even now expecting that the work should have been finished and set to music into the bargain, as I feel sure no one will be able to sympathize with me except those who have labored for years over our "Revised Psalms" for the use of the United Presbyterian Church.

"I have had my teacher working for two years past on this version. I have furnished him with every help in my power to arrive at the meaning, and left him free to make the most literal versification possible, hoping he would come so near to what would be acceptable that my labors would be much lightened. The result proves, however, to be a complete failure—no better than Watts' imitation, perhaps worse, in that he has not only added and omitted, but has introduced snatches and passages from native songs and poetry. I have then to begin de novo—but with the advantage that the teacher has had a considerable practice in the art of poetical

composition.

"In conclusion, however unsatisfactory my work as a whole may appear to you, or to the Church, or to myself, of one thing I am fully persuaded, viz. the mission work in China is a success, and beyond all doubt deserves the most earnest prayers and hearty support of the American Church. We have had several visitors during the year-specially seeking information in regard to our work. Bishop Harris, the Commissioner of the Methodist Church, visited all their missions in China, and was greatly gratified. He also visited Canton (where they have not established a station,) but for some reason saw nothing of the work here. Dr. Newman, of the Methodist Church, and Chaplain of the U.S. Senate, has also visited all the ports, and, of course, all or nearly all the mission stations of all churches working in He is on a trip around the world, and by special request and appointment of President Grant, has also made it a tour of inspection in regard to the U.S. Consulates in Japan, China, India, and Russia. It has also been a fixed object with him to look into missions and gather all possible information. Finally, before leaving China, at a meeting of the Canton Missionary Association, he gave us the best words of exhortation and rebuke, as he felt we (all in China) needed it, that we have ever heard-hearty and eloquent, plain and unvarnished, they were truly

"He stated his unequivocal conviction that the 'missions in China have been organized on a basis and with a forethought that are truly remarkable.' We appreciate such words from such a man. We had the favor of entertaining the Dr. and his good wife, who accompanies him, at dinner in our own house, and remember

them both with much kindness.

"It is scarcely necessary for me to say much about the following statement of accounts. You will notice that the funds to the credit of the Board for mission purposes have not been adequate for the year's expenses—\$128.07 being yet due. The building fund has been very appreciably increased, for which we are truly thankful. The house now rented to our Baptist friends will be left vacant by April, unless some one should be sent out this Spring.

"And now I cannot write the concluding sentence without expressing a regret that it has been my duty to write thirteen consecutive annual reports in fourteen years.

Such duties are more pleasant when shared in by a number, than where one person should always write and always be obliged to write about himself.

"Hoping better things for the future, I subscribe myself, as ever, your obedient servant in China, J. C. NEVIN."

XI.-FRIENDS.

With this glance at the missions under our care, the Board gratefully mention various friends from whom the most gratifying aid and encouragement have come:

1. Individuals.—First among these, the continued munificence of His Highness Dhuleep Singh must be named. Most generously he signalized his interest still in our mission by the grant again, in June last, of £1,000, which was used, as he desired, in supporting two missionaries and in carrying on the operations of the

Mr. John Caldwell, of this city, has rendered important service again in securing

passages for our missionaries to their field of labor.

Mr. Charles Arbuthnot, of the city of Pittsburgh, has, as in former years, most liberally remembered us, contributing to the mission work and the proposed college in Egypt; and another gentleman of this State has furnished the means of supporting a new missionary and family in that field, and also made a munificent

grant for the college.

A gentleman, whose name may not be given, has announced to the Board, that the business firm to which he belongs will become responsible for money that may have to be occasionally borrowed to supply the failure of contributions to come into the treasury, that thus the missionaries may not suffer, and that borrowing may be made, if it must be at all, in this country, rather than by the missionaries in their foreign fields. Most earnestly does the Board hope there will be no necessity to act on his generous proffer.

2. Societies.—The British and Foreign Bible Society, the American Bible Society, and the American Tract Society, have generously continued their grants during the year, and thus, in the different missions, our laborers have been materially

aided in the great work of scattering religious truth abroad.

Female Missionary Societies, of a very efficient character, are in active operation in both the First and Second United Presbyterian Churches of Allegheny, Pa., and have provided liberally for the work in Egypt and in India. In Monmouth, Ills., York and Coila, N. Y., and various other places, the women of our Church have shown a most commendable spirit in planning and working for the evangelization and elevation of their sex, and for carrying on our mission work among the heathen.

The ladies of the Paisley Missionary Society, in Scotland, have made their usual

liberal grant for the support of the Girls' School in Alexandria, Egypt.

3. Bequests.—During the past year a number of important bequests have been made for this foreign work. Thus men and women who loved this cause while living, have left the means of having good, long and widely done for it after they have The whole sum thus realized has been \$8,themselves entered into their rest. 975.49.

4. Sabbath Schools.—In no year, probably, have as many Sabbath Schools in our Church made regular contributions to this work as during the past year. number is happily increasing each year. Only let a little effort be made, and every Sabbath School in the United Presbyterian Church will have an active hand in carrying forward this great work. Would it not be one of our noblest honors to have it so? The Sabbath School contributions amounted to \$2,232.63.

Never, too, have as many children in the families of our people been engaged in forwarding their daily, or weekly, or annual offering, to spread the gospel. Some send their birth-day gifts, many their Christmas or New Year's gifts. Will not every parent seek to have a place for this cause in the heart and prayers and gifts

of his child?

XII,-RECAPITULATION.

The following summary will be found interesting. There are now under our care: Missions, 4. Leading stations, 23. Missionaries, 13 ordained foreign, and 3 native ministers. Licentiates, 1 foreign and 1 native. Female missionaries and assistants, 19. Native teachers and helpers, 80; (viz.: Syria, 14; India, 12; Egypt, 54.) Churches, 21, with 655 communicants; increase, 89. Baptisms, 106. Schools, besides regular Sabbath Schools and a Theological School, 22, with 2,358 scholars in them, (viz.: in Syria, 8 schools and 294 scholars; India, 3 schools and 1,078 scholars; Egypt, 10 schools and 946 scholars; and China, 1 school and 25 scholars.) Contributions by native members—the report being from Egypt alone—\$2,925 in gold. Printed matter from the press at Alexandria, 380,000 pages.

XIII.-TREASURER.

Mr. Samuel C. Huey, 921 Chestnut street, Philadelphia, Pa., has been appointed Treasurer of the Foreign Missionary Fund, to enter upon his duties on the 1st of July next. It is hoped he will accept.

XIV .- MEMBERS OF THE BOARD.

The Revs. J. T. Cooper, D. D., F. Church and W. W. Barr, have their term of service expire with this year.

REPORT OF THE GENERAL COMMITTEE OF HOME MISSIONS.

To the General Assembly of the United Presbyterian Church, to meet at Monmouth, Ill., May 27, 1874:

The fifteenth annual meeting of the General Committee of Home Missions was held in Young America, Ill., beginning Wednesday, May 20th, 1874. Forty-eight delegates were present, all the Presbyteries being represented except Second New York, First Ohio, Oregon, San Francisco, Stamford, and Vermont. The business of the Committee was transacted with harmony and dispatch. The results of our deliberations are embodied in the following report, which, it is hoped, will be approved by the Assembly:

PART I .- THE PRESENT YEAR.

The report of the Board to the General Committee, presented the following facts:

1. The Progress of the Work.—The last Assembly granted aid to 191 stations, under the care of forty-eight Presbyteries. From nine of these stations no reports have been received. The reports of seventy-six others are incomplete, embracing only a portion of the year. In the stations from which reports have been received, there is a membership of 8,985, with an average attendance of 16,293. The additions to the Church have been 785 on a profession of their faith in Christ, and 649 on certificates from other congregations, while the decrease by death and removal, has been 435. In the Sabbath Schools connected with these Stations, there has been an average attendance of 8,537 scholars. These same stations have contributed to the Boards of the Church, during the year, \$4,448, and for the support of their own pastors or missionaries, \$47,199. These results will compare favorably with those secured by the Church in any other department of labor,

2. Appropriations Withheld.—All the appropriations made by the last Assembly have been paid as far as they have become due. Appropriations have been withheld in forty instances, because the conditions upon which the aid was granted have

not been fulfilled. These amount to \$3,797.27.

3. Grants by the Board.—The sum of \$1,062.50 has been appropriated out of the money placed at our disposal to meet emergencies. The manner in which this has been distributed, is exhibited in the following table:

| PRESBYTERY. | STATION. | TIME. | AMOUNT. | |
|-------------|-------------|----------|---------|--|
| Des Moines | Chariton | 1 year | \$75 00 | |
| " | | | 50 00 | |
| " | Palo Alto | | 100 00 | |
| Garnett | Chetopa | 6 months | 200 00 | |
| | Edgerton | | 62 50 | |
| " | Kalida | | 100 00 | |
| Kansas | | | 25 00 | |
| | Cass Centre | 1 vear | 100 00 | |
| Oregon | Halsey | | 150 00 | |
| | Cuba | | 150 00 | |
| Wabash | | | 50 00 | |

The appropriations to Chariton, Corydon, Chetopa, and Camden were in addition to those made by the Assembly.

4. Special Missions.—The following points were placed under this head by the

last Assembly.

Chicago Mission, Presbytery of Chicago.—The appropriation granted to this important field, was on condition of settlement. Though the congregation has been supplied, as far as practicable, a settlement has not as yet been effected, and consequently we have been compelled to withhold the appropriation. A most favorable opportunity seems to be opening up for this struggling congregation, and should they obtain an efficient pastor, and receive such aid from the Church as the exigencies of their situation imperatively demand, there is good reason to hope that in a few years it will become a self-sustaining charge.

Indianapolis, Presbytcry of Indiana.—Rev. J. L. Clark has continued to labor during the year in this interesting mission. The congregation is in their new church building. The missionary states, "We have been getting on very encouragingly. Have more than doubled our numbers, and so the work grows."

Omaha, Presbytery of Nebraska.—The missionary appointed to this station by the last Assembly declined the service, and Rev. Thomas McCague, who was on the ground, was requested to take charge of the congregation until the Board could secure another laborer for the field. After several ineffectual attempts, the Board, at its meeting in December, appointed Brother McCague for the remainder of the year, and he has been laboring there, with an encouraging degree of success.

Topeka, Presbytery of Kansas.—Rev. B. L. Baldridge, who has been laboring in this place during the last year, and the first six months of the present, was, at his own request, released at our meeting in January last, and Rev. Jos. McNab was appointed to succeed him. Brother McNab has been in the field since early in February. They have a comfortable house of worship, with only a debt of \$50 upon it. The missionary writes: "I am of the opinion that the present year—though figures seem to be wanting—has been one of substantial progress, and now look forward with good hope to the year to come. A few years of patient and diligent labor, will, I believe, by the blessing of God, make for us here a comfortable and self-supporting congregation."

St. Louis, Presbytery of Southern Illinois.—Nothing has been done toward the establishment of a mission in that city. The embarrassed state of our treasury,

and other causes, prevented action in that direction.

Nashville, Presbytery of Tennessee.—The last Assembly appointed Rev. James McNeal to the charge of the mission established in that city for the benefit of the Freedmen, and directed the Board to appeal to the Church for a special contribution for his support, fixing the salary at \$800. Brother McNeal accepted the appointment, though at a considerable personal sacrifice, and has been laboring faithfully and earnestly in that field. The appeal directed by the Assembly was made to the Church for the funds necessary to the support of the mission, and was responded to with a good degree of liberality. Owing to complications growing out of two separate funds being raised at the same time for the support of the work among the Freedmen, it was thought best to transfer the whole matter to the Freedmen's Board; which was accordingly done on the 1st of January. The Home Board received in all, for the above purpose, \$784.09; \$400 of this was paid to the missionary as compensation for the first six months, and the remainder paid over to the Freedmen's Board, which assumed the payment of the residue of Brother McNeal's salary.

Financial Condition of the Board.—On the 30th of April, last year, there was in the treasury, exclusive of investment funds, \$2,582.78, while there were outstanding obligations amounting to \$1,621.50, leaving a balance of \$961.28, with which to commence paying the \$8,047.41, which became due on the first of July. During the summer, autumn and early winter, funds came in only to a very limited extent, and the consequence was, that the majority of our missionaries were not paid the limited compensation promised them until months and months after it became due. On the 1st of January last, we were no less than fifteen thousand dolars in debt, and our treasury empty. We then had the gloomy prospect of closing the year with a large balance against us. Under these circumstances we felt constrained to make frequent and urgent appeals to the Church for relief, and it is gratifying to be able to state, that these applications were not made in vain. We have been enabled to pay all claims presented up to April 1st, and have a balance on hand of \$2,455.32. From the 30th of April, 1873, to the 30th of April, 1874, there has been received into the treasury, independent of bequests for the investment fund, \$35,281.91. During the same period there has been paid out \$34,-

Encouraging as these statements are, the Church must not relax her efforts in this direction. It should not be forgotten that on the 1st of next July over \$8,000 will fall due, while we have less than \$3,000 to meet these claims. Past experience has shown that very little money is raised for the Board during the summer and autumn months. Cannot measures be devised by which sufficient means will be secured to enable the Board to pay the obligations falling due on the 1st of July and on the 1st of October, within a reasonable period after those dates?

There are two facts connected with the contributions of the past year, to which we wish to call attention. While the aggregate from all sources is somewhat larger than it was last year, yet the amount received from Presbyteries is \$4,124.08 less. It is a cheering indication, full of hope for the future of the Home Mission work, that of the \$8,338.02 received from sundry sources, no less than \$1,156.17 comes

from the children of the Church.

PART II .- THE COMING YEAR

The amount of money desired for the coming year was \$44,950. After carefully considering the requests of Presbyteries and the relative necessities of the several missionary stations, aid was granted to the amount of \$40,775, including the \$3,500 placed at the disposal of the Board to meet such necessities as may arise during the year. The appropriations were limited to this amount, not because it was all that was needed, or that could be judiciously expended; but for reasons that will be sufficiently obvious, when the experience of the past and the probabilities of the future in regard to the contributions of the Church to the Home Mission work are carefully considered. Of the aid granted, \$12,825 is con-The services of 93 missionaries were applied for by the different Presbyteries. One hundred and fifteen names were submitted for appointment, representing the full time, however, of only 103 men. It will thus be seen, that there were a few more persons ready for this service, than the Presbyteries had applied for. In one aspect this is indeed gratifying; but on the other hand, it is sad to think that the General Committee was compelled to refer even a small number of missionaries back to their own Presbyteries, because we had not the means to employ them. With this fact before it, will not the Church furnish our Board with resources adequate for the employment of all who are willing to enter the field? The names of the mission stations, and the amount of aid granted to each, the names of the missionaries and the Presbyteries to which they have been assigned, are herewith reported.

3d. That we owe a debt of gratitude to our missionaries in the field for their earnest and self-denying labors, and we pledge them our sympathy and prayers.

4th. That an order be drawn on the Treasurer of the Board for the sum of \$15,

in favor of the Sexton of the Church in Young America.

The term of office of Rev. J. W. Witherspoon, S. Mahood and James McCutcheon, will expire with this year.

REPORT OF THE BOARD OF MISSIONS TO THE FREEDMEN.

The work of the Board of Missions to the Freedmen has been confined to narrow limits during the last year. At the earnest request of Rev. James M'Neal, who was laboring in Nashville, under the care of the Board of Home Missions, the day school was re-opened. Misses Aggie Wallace and Jennie M'Cahan were appointed to the position of teachers, and on the second Monday of October commenced the work. The schools were not large—the enrollment not exceeding 130 at any time—but were conducted with much energy and seeming profit. Through this influence the Sabbath School was increased in numbers and efficiency, and the work in the congregation very much advanced. The school will close on the last day of May.

At the meeting of the Board of Home Missions, held in January, this mission was transferred to the Freedmen's Board, which assumed the payment of the missionary

and the control of the work.

Property.—The Board has experienced great difficulty in securing a title to the property in Nashville, as directed by the last Assembly. The shareholders have been very tardy in responding to correspondence on the subject. Two of the share-holders are dead, and their claims are in the hands of the administrators of their estates, and the estates to be divided between several heirs, some of whom are minors. But the work has been prosecuted so far, that we confidently expect to secure a good title to the property soon, and at a comparatively small cost to the Church.

The note held against the Presbyterian congregation of Shilo, Knoxville, Tenn., for \$800, has not yet been collected. The congregation is not occupying the property, for the purchase of which this note was given, and is not able to meet the claim. It has been arranged that a decree of the court be issued for the sale of the property, and that the Board accept the proceeds of the sale as payment in full of

said claim.

Normal School .- The orders of the last General Assembly on the subject of a Normal School in the South, were emphatic. The Board immediately began the work of correspondence on the subject, to ascertain, if possible, the best opening and most suitable place for the establishment of such an institution. About the first of March the Corresponding Secretary visited the South, and in company with Rev. James M'Neal, visited Chattanooga and Knoxville. The latter place we found open and anxious for such an institution. A beautiful city of about 16,000 inhabitants,

and a large colored population, but no school for the colored people except two small primary schools. The loyal sentiment of the people, the rapidly increasing population of the city, the expressed opinion of some of the most prominent members of the bar, and prominent ministers of the Presbyterian Church of the city, that a Normal training was the great present need of the colored people, and the field wholly unoccupied, soon convinced us that we had found an open and effectual door. Several sites were examined, and one selected, subject to the approval of the Board. A piece of ground on the west side of the city, containing $5_{100}^{6.8}$ acres, one mile from the market square, just outside the city limits, on a beautiful elevation, commanding a magnificent view of the city and surrounding country, was selected as the most suitable site which could be obtained.

After a careful and lengthy examination of title by our Attorney, Judge George Andrews, the Board has authorized him to close the bargain for this lot on the following terms: Price \$3,500. Payments, one-third cash, and the balance in two equal annual payments, with interest at the rate of 8 per cent. The deferred pay-

ments secured by mortgage on the property.

We have also secured plans for a building from A. C. Bruce, architect, Knoxville,

which are herewith submitted.

The total receipts of the Board, since the last report, have been \$2,155.30, including \$400 received from sale of property at Vicksburg, Mississippi.

The total expenditures, including the cash payment of \$1,167 on property purchased in Knoxville for a Normal School, have been \$2,459.70.

This leaves a balance in treasury of \$1,572.58; and the following in notes for deferred payments on property sold in Vicksburg, \$2,350, bearing interest at the rate of 8 per cent; a total of cash and notes of \$4,222.58.

The Board respectfully asks this Assembly for an appropriation of \$20,000 for this work; and also that the Board of Church Extension be directed to refund the money paid to it by this Board, by order of the General Assembly, at its meeting held at Washington, Iowa, May, 1872.

The term of office of Revs. Wm. J. Reid, S. B. Reed and Wm. M. Coleman, as

members, and of the Corresponding Secretary, expires with this year.

Rev. Wm. H. Andrew resigned his position as a member of the Board, November, 1873.

By order of the Board.

REPORT OF THE BOARD OF CHURCH EXTENSION.

The Board of Church Extension has faithfully endeavored to discharge the trust committed to it by the General Assembly. Much embarrassment has been experienced in consequence of the financial troubles of the country; for, while the need for assistance was increased, the ability to render aid was diminished by the falling off in the receipts. In two cases it became necessary to borrow money to pay appropriations over due, and for want of which the congregations were in danger of losing their property. By the blessing of God, the year closes more favorably than was anticipated. Grateful acknowledgment is due to congregations for their patience in waiting, while suffering for the appropriations made to them, and to the contributors, by whose gifts such favorable results have been attained.

RECEIPTS.

From the Treasurer's report it will be seen that the receipts, exclusive of the balance from last year, have been, for all purposes:

| From Presbyteries | \$13,282 | 43 | |
|------------------------------------|----------|----|--|
| From Societies. | 51 | 25 | |
| From Sabbath Schools | 278 | 45 | |

| From Legacies, | | 00 | |
| From proceeds of Sales of Churches | | | |
| From Loans without interest | | | |
| | | | |
| Total | \$10 347 | 24 | |

Compared with the last report this shows a decrease, but only \$1,753.67 is in the contributions of the Presbyteries. When the character of the year through which we have passed is remembered, this is certainly very gratifying.

APPROPRIATIONS.

The appropriations have been kept within the limits fixed by the Assembly. In consequence of the amount of unpaid grants, appropriations have been made to only seventeen congregations, in fourteen Presbyteries. Each application has been carefully considered, and the appropriation has been made according to the best judgment of the Board.

The appropriations are as follows:

NOTES.

Boston.-In accordance with the request of the Board, Dr. Blaikie has released the title to the property of the First Church, Boston, from the condition in the deed referred to in the last report. The full amount appropriated to this

congregation by the Assembly has now been paid.

Dayton.—The congregation of Dayton owns a valuable property, but is feeble and unable to sustain the ordinances and remove a heavy mortgage which consumes a large part of the rent received for the basement. By the terms of the contract this income will be greatly increased after five years. A member of the Board has therefore assumed the payment of the interest for five years, on condition that the congregation will give a deed in trust, by which, in case of the failure of the congregation, the Board may sell the property, reserving a certain amount for the use of a future congregation, and in case of the success of the congregation, the Board will restore to it the title on the repayment of this and all aid previously The congregation has accepted the proposition, and will thus be enabled received. to sustain the ordinances.

Pittsburgh, 5th.—The Fifth Church, Pittsburgh, Pa., in consequence of serious internal trouble, has become unable to meet a mortgage that is upon the property. The Board has, therefore, assumed the payment of the interest, \$280.00 per annum, for four years, until certain resources of the congregation become available.

Titusville.—Last year aid was given to the Titusville congregation for the purchase of a lot, and an additional appropriation was made this year, but since the appropriation was made the success of the congregation has become doubtful, and the money paid will be refunded.

The Kansas City Mission, for which an appropriation was made last year, has been abandoned. No money had been paid by the Board.

PROPERTY OF DISSOLVED CONGREGATIONS.

The Presbytery of Big Spring having some time since sold the property of the congregation of *Lewistown*, placed the proceeds, \$730.86, in the Loan Fund, on the Board giving a note for its repayment on demand, without interest.

The Presbytery of Albany also gave to the Loan Fund \$200.00, the proceeds of

the sale of the East Springfield church.

The congregation of Middletown, Presbytery of Keokuk, having become unable to sustain itself, has deeded its property to the Board. The Presbytery approving, it will be sold.

The Presbytery of Wisconsin, having formally abandoned the Waupaca congregation, the Board has authorized the sale of the property.

The property of the Morrison congregation, Presbytery of Tennessee, has been sold, and the first payment received.

CLAIMS.

Bloomington.—The trustees of the congregation in Bloomington, Illinois, as reported in 1872, resolved to sell the property and transfer the proceeds to the Loan Fund, to be held in trust for the congregation, if it should be revived. The property has been sold, but the resolution has not been carried out. Suit will be entered to prevent the alienation of the money from the United Presbyterian Church.

Salem, Oregon.—The Board holds, as stated in the last report, the note of certain persons for \$1,266 gold, given in settlement of the claims of the Church against the congregation of Salem, Oregon. The payment of this note is now refused until a certain person, who was formerly a trustee, signs the deed for the transfer of the property to the new corporation. The plea is not admitted by the Board, as there is no condition in the note, and the obligation was given in full knowledge of this man's refusal to sign the deed. The business has been placed in the hands of Rev. S. G. Irvine, and we hope for an early settlement.

LOAN FUND.

The receipts for the Loan Fund have been \$7,072.95, making a total amount of \$28,374.11. The payments have been \$26,019.15. The Board is still more convinced of the importance of this plan of rendering aid, and recommends that liberal

support be given to it. Special acknowledgment is made of the deep interest taken in this fund by the Synod of Iowa.

RECOMMENDATIONS.

The changes in the Constitution and Regulations of the Board, which experience suggests to be desirable, have been made by the Committee on the Revision of the Constitutions of the Boards, and will, no doubt, be laid before the Assembly,

REVIEW.

The Board has, during the past year, labored under peculiar perplexities, but, looking back, is more deeply than ever convinced of the importance of this part of the work of the Church. A time of financial distress, such as we are passing through, very painfully teaches us the importance of congregations having their houses of worship free from debt. The existence of the congregation, in many cases, depends upon it. Also a number of instances are known to the Board in which pastors have been so broken down by the labor and perplexity of building, that they have been compelled to ask a release, or to rest for a time from the ministry. The work of this Board is therefore truly a part of our Home Mission work, for by it missionaries and pastors can perform more ministerial labor, and do it more efficiently.

Although laboring under the disadvantage of a supposed inferiority, the work accomplished by the Board since its organization, has proved it to be of great importance, and the results are such as to commend it to the confidence of the Church. About one-sixth of our congregations, containing one-seventh of the membership of the Church, have received aid directly from the Board, or under its authority. The contributions of these congregations to the Board, for the year 1872-3, as far as reported, amounted to nine and a half per cent. of the amount of aid they received in building their houses, and to nearly six per cent. of the whole amount given them by the Boards of Church Extension and Home Missions. Their contributions, for all purposes, were sixty per cent. of the whole amount received from both the above Boards, and were over one-sixth the total contributions of the whole Church. The Board therefore, with confidence, asks for this work the careful deliberation of the Assembly and the liberal contributions of the churches.

The term of office of Dr. J. S. Easton, and Messrs. George M'Cague and J. P. Hanna, as members of the Board, and of the Corresponding Secretary, expires with

this year.

By order of the Board.

REPORT OF THE BOARD OF PUBLICATION.

The past year has furnished nothing of extraordinary interest in the history of We have endeavored to the best of our ability and in the most economical way to administer the trust committed to us. Our aim has been rather to complete the work already begun for putting the Board on a good financial footing, and to extend the circulation of works already issued than to increase the number of our publications. Our great work is the circulation of the Scriptures. Subordinate and auxiliary to this, is the furnishing of original or selected works for Sabbath School and other religious and theological libraries. As there is no lack of numbers and varieties of books already before the public, our chief work is to make a proper selection from which to supply the Church.

It is designed, however, as the Board is fast removing the debt incurred for the

new building, to publish new works more extensively than heretofore.

The business of the Board during the past year, notwithstanding the financial

panic, has been fully equal to that of any preceding year.

The Bibles, Testaments and Psalm Books published by the Board are coming, more and more, into favor, and are selling in largely increased numbers. I cially is this so of the Bibles and Testaments with the new or revised Psalms. ₩e have these in some forty-five or fifty different sizes and styles of binding.

We have had many testimonials to the good work accomplished by the donation of books. Many Sabbath Schools and Mission Stations have been placed under United Presbyterian care and influence by timely donations of Psalm Books, that otherwise our people could, consistently, have had no connection with; and in many cases, but for these donations, no Sabbath School would have existed. Many individuals have been supplied, and weak congregations assisted, from the funds of the Board; and in almost every case we have encouraging assurance that good has been done.

We have reduced the debt on the new building from \$15,500, as reported last year,

to \$11,000, (\$1,240 being paid the day after the financial statement was made out). Owing to a supposed depreciation in the value of our stereotype plates, it has been thought best to report them at 10 per cent. less than first cost, and one duplicate set of Bible plates not in use, and costing \$1,876, has not been counted among This will explain the apparently small increase of assets this Were these to be counted, as they always have been, our gain the stock this year. year over last year. would be about \$6,000.

We have still to deplore the tardiness of many of our customers, ministers and private members in the Church, in paying off their old accounts. These accounts, despite our efforts to make collections, are increasing from year to year, until now they reach the rather appalling sum of \$15,665.90, an increase of over \$2,000 since last year. Most of this is believed to be good some time; indeed, most of it will be paid during the year, but some of it has been standing from two to seven years, and this, too, in many cases against names that ought not to be suspected of either dishonest, or dishonorable conduct. We do not consider ourselves at liberty, at least in most cases, to appeal to the law. But what shall we do? If the Assembly can give us instructions that will assist us, we will take it as a great favor.

The Board has also to lament the small amount received as contributions from the Church. The Assembly appropriated six thousand dollars, but little over one-

third of this (viz.: \$2,271,) has been received.

This may be accounted for partly by the financial panic, and partly by the fact that the Board thought it best, in the midst of general distress and the urgent wants of the other Boards of the Church, not to make any special appeal for But the deficiency is very largely due to the apathy and indifference of those whose duty it is to bring this matter directly before the people. We ask liberal provision for the ensuing year, and hope that through your prayers and co-operation and the Divine blessing, all such contributions will become fruitful seed, yielding an abundant harvest of good.

The Board, with great sorrow, announces that the Rev. William Fulton has been removed by death. He was a valuable member of the Board, and his death is lamented. The Rev. W. J. Robinson was elected to fill the vacancy.

The term of service of Rev. D. R. Kerr, D. D., and Messrs. W. Reed and W.

Stevenson, expires with this year. Rob't Smith, Esq., of the Union National Bank, Pittsburgh, has been elected

treasurer. He will hereafter receive all funds designed for this Board.

The financial condition of the Board will appear from the accompanying statement.

By order of the Board.

S. Collins, Superintendent.

This Board, in common with the other Boards of the Church, has felt the effects of the difficulties in monetary affairs, which have existed in the country during the year. The personal credit of members of the Board has had to be used in order to obtain funds wherewith to pay installments falling due to Beneficiaries. Owing to this cause, a debt amounting to \$1,550.00, is at this time resting on the Board.

During the latter part of the year, money has come into our treasury from the Church more freely. A considerable amount has come to hand since the first of This, with the balance reported above, will enable us to pay the install-

ments due literary students in June.

On the whole we feel encouraged, and we trust that the General Assembly will not overlook the importance of this department of the Church's work. We trust that not only will the needful appropriation of funds be made, but that whatever can be done, will be done, to secure their coming into our hands. A word from the pastors to their people, explaining the work of the Board of Education, and shewing its usefulness in helping to prepare an educated ministry for the Church, will aid us much.

The terms of membership in the Board of G. D. Henderson, J. M. Turnbull, and John Scott, expire at this time. It is the part of the Assembly to fill their

places, either by their re-election or by electing others.

The report of the treasurer is also submitted to the Assembly. It has been examined and audited by the Auditing Committee of the Board, and it has been approved by the Board.

Respectfully submitted,

JOHN SCOTT, President. DAVID A. WALLACE, Sec. G. D. HENDERSON, Cor. Sec.

REPORT OF THE BOARD OF MINISTERIAL RELIEF.

PART I.

According to the action of the last Assembly, the Board met in Philadelphia, on the 5th of June, and organized by the election of Dr. J. B. Dules, President; Rev. W. W. Barr, Secretary; and James M'Candless, Esq., Treasurer. Quarterly meetings have been held during the year and several adjourned and special meetings.

The Treasurer's Annual Report, which accompanies this, shows that there have been received during the year from individuals and congregations, \$1,407.14; from interest on funds deposited, \$474.24; and from legacies, \$100. \$2,858.12 have been expended, namely: to Beneficiaries, \$500; incidental expenses, \$3, and invested in United States Registered Bonds, \$2,358.12.

Two aged and infirm ministers have received aid up to the time of their death, which occurred during the year. The widow and family of one of these received assistance after the death of the husband and father. Another widow and family of a deceased minister have received aid. Thus the hearts of aged servants of God have been made to rejoice, and widows and orphans have been cheered by Christian sympathy for them in their time of need.

The Treasurer's report also shows that there is a balance in the treasury at the end of the year of \$138.73 and that \$8,500 are invested in United States Registered

Securities.

At their first meeting, the Board appointed a committee to prepare a draft of a Constitution and By-Laws. The Committee presented the following, which was adopted by the Board, and is submitted for approval by the Assembly:

CONSTITUTION.

ARTICLE I. The title of this Board shall be, "The Board of Ministerial Relief of the United Presbyterian Church of North America."

ART. II. The Board shall consist of nine members, three of whom shall be chosen

annually by the General Assembly.

ART. III. The officers of the Board shall be a President, Secretary and Treas-

ART. IT. The whom shall be elected annually by ballot.

ART. IV. These officers of the Board shall be an Executive Committee, who shall act in all cases of emergency in the intervals of the meetings of the Board, and shall report their proceedings to the Board at the next meeting for approval.

ART. V. The object of this Board shall be the relief of disabled and superan-

nuated ministers, and the widows and orphans of deceased ministers of the United

Presbyterian Church.

ART. VI. This relief shall be granted only to ministers who are in good standing in the United Presbyterian Church, and to the families in said Church of ministers who were in such standing at the time of their decease, and, ordinarily, it

shall not extend to children over sixteen years of age.

ART. VII. All applications for relief shall be accompanied by a certified statement, endorsed by the Presbytery to which the applicants belong, or in whose bounds they reside, stating the condition and circumstances of the applicants, and every renewal of application shall be accompanied by a similar statement, including any changes that may have occurred during the year, and no appropriations shall be made in any case unless these conditions are complied with,

ART. VIII. While the responsibility of recommending applicants rests with the Presbyteries, and shall largely govern the action of the Board, yet the Board shall reserve to itself the right to appropriate according to the merits of each case

and the state of the treasury.

ART. IX. The fund of this Board shall be created by annual contributions from

the churches, from endowment donations, and from legacies.

ART. X. All bequests and special donations, when not otherwise designated,

shall be invested in a Permanent Fund.

ART. XI. The annual contributions and offerings from churches and individuals, and the interest from the Permanent Fund, shall form a Contingent Fund, which shall be used in carrying out the object of the Board.

BY-LAWS.

1. The stated meetings of this Board shall be held quarterly, viz: On the first Tuesday of July, October, January and April.

2. The election of the officers shall be at the first meeting after the General As-

sembly each year.

3. Any five members who are present at a meeting duly called, shall constitute

a quorum for the transaction of business.

4. All moneys paid out by the Treasurer shall be on the order of the Board or Executive Committee, signed by the President and Secretary.

5. The following shall be the Order of Business: 1. Prayer. 2. Reading of the

Minutes. 3. The Report of the Executive Committee in writing. 4. The Correspondence of the Secretary. 5. The Report of the Treasurer in writing. 6. The Reports of Committees. 7. Applications for Relief. 8. Granting of Orders. 9. Unfinished business. 10. New Business. 11. Adjournment.

If the Assembly shall approve of this Constitution, it will be seen that it will then be pledged, not only to afford relief to aged ministers, as has

heretofore been done by the "Aged Ministers' Fund" of the United Presbyterian Church, but also to widows and orphans of deceased ministers. It does not seem to be necessary to present any argument to show that this extension of relief

should be made.

It will also be seen that while, according to the Constitution, the Board will reserve to itself the right to decide finally in all cases of relief, yet, that the great responsibility, in each case, will be laid upon the Presbyteries. It is suggested in this connection, that the Presbyteries will need to exercise care in two directions: First, not to allow their sympathies to control them to such an extent as to cause them to make applications when there is not really need, or to an extent that is not required. Second, not to allow such cases as are really deserving to pass unnoticed because of the shrinking hesitation of those who are in need to ask as-

sistance. It should be regarded as the duty of every Presbytery, as soon as a minister ceases to labor, from age or infirmity, to inquire into the state of his temporal affairs. And in case of the decease of any minister, his Presbytery should investigate the temporal condition of his widow or family. If in any case there is thus found to be need, the Presbytery should make application to the Board, and not wait for the application to come from the necessitous them-selves. By observing these suggestions, the great end sought to be attained by establishing this Board of Relief will be secured.

It is also suggested to the Assembly that the Board should be directed to take the

proper legal steps in order to become an incorporated body.

The Board do not deem it to be necessary to present an argument to the Assembly or to the Church, to prove the necessity for its existence, or the importance of its work. A few extracts from letters received during the year, will constitute a stronger plea than any words we could employ. A widow, acknowledging the receipt of money after the death of her husband, said, "Your very welcome letter, containing check for ---- dollars, is received. I feel truly grateful for it. I may say, as a friend, it was much needed. I have not been able to defray all the expenses connected with the sickness and death of my dear husband. I had to borrow money to bear the expenses of the funeral. The check you sent will relieve me of that debt."

An aged and infirm minister wrote the following: "I have no other prospect before me now than to go on crutches the rest of my days. Physicians here give me no encouragement to hope for relief, and I have no means of going from home to seek relief; and, perhaps, if I had, it would avail me nothing. It is a little * * While able to continue over a quarter of a century since I was licensed. in active service, a living has been secured, and nothing over. Now, when permanently disabled, with a family to provide for, it is reasonable to look for help from some quarter. Shall that be to the Church or to the world? The Government provides for her disabled veterans. Will the Church leave hers to starve or beg? But why do I write thus, you may ask? Well, I feel gloomy to-day, while I contemplate the debts already accumulated for bread and fuel, and the immediate prospect of having to increase the debt, with no visible means of paying it."

The affecting statement which the Board have to make in connection with this extract is, that the letter from which we have quoted was not finished, and was not mailed by its author. He died soon after the above was written, and it was found among his papers and forwarded to the Board. The appeal is, in these circumstances, too strong to be resisted by any Christian heart. Who can doubt that the last days of this servant of God would have been cheered, that a weight would have been lifted from his heart, if he had had assurance that the Church would care for his family that he was leaving behind him in the world? What minister, elder, or member of the Church, can read such an extract as the above, in connection with the Apostle's words, "Whose hath this world's goods and seeth his brother have need, and shutteth up his bowels of compassion from him, how dwelleth the love of God in him?" and not feel that he must give a portion of his substance to the Board of Ministerial Relief?

The term of office of Messrs. J. P. Hanna, Thos. Stinson and Rev. W. W. Barr.

expires at this meeting of the Assembly.

The Board would close this part of their report by presenting the following resolutions for consideration and action by the Assembly;

Resolved, 1. That the Constitution and By-Laws of the Board of Ministerial Relief, as presented in the report of the Board, be and hereby are approved.

Resolved, 2. That in order to meet the present wants of the Contingent Fund of this Board, pastors and elders shall see that its claims be laid before their congregations, and shall give their people an opportunity of contributing annually to this fund.

Resolved, 3. That in order to constitute a Permanent Fund, special contributions and legacies be invited from those in all parts of the Church who have means; the principal of which fund shall be safely invested by the Board, and the interest shall be added to the Contingent Fund.

Resolved, 4. That when the sums contributed by individuals and the churches during the year to the Contingent Fund shall exceed the demands made upon the Board for that year, the surplus shall be invested by the Board as a part of the Per-

manent Fund.

Resolved, 5. That the present investment of the money in the fund, as reported by the Board, be approved; and that this money shall be regarded henceforth as a part of the Permanent Fund; it being understood that the Board may, at their discretion, change the investment to any other undoubted and more profitable security.

Resolved, 6. That the Assembly recognizes it as a principle, that the aid granted by this Board is given to the beneficiaries as a right, and not as a matter of charity.

Resolved, 7. That the Presbyteries be enjoined to exercise all due care in making applications to the Board for aid, in order that none but the needy may be helped, while, at the same time, in view of the reluctance, through modesty and backwardness, of the sometimes really necessitous, to make their condition known, the Presbyteries should carefully inquire into the circumstances of their aged and infirm ministers, and of the families of deceased ministers, in order that applications, when found necessary, may be made to the Board in their behalf.

Resolved, 8. That the Board be directed to take the necessary legal steps to secure

an act of incorporation.

Resolved, 9. That W. W. Barr, Wm. Arrott and George B. Skelton be elected to fill the place of the members whose term of office has expired.

PART II.

The Board had committed to them, by the last Assembly, the matter of a Mutual Aid Association for the ministers of the Church. After a long and careful consideration of the subject, a Constitution for such an association, prepared with great care by a committee, was adopted by the Board. It is herewith presented for consideration by the Assembly. The Board express the hope that it will receive that prayerful attention which the importance of the subject demands. It is as follows:

CONSTITUTION.

ARTICLE 1 .- NAME AND OBJECT.

This Association shall be known as the "MUTUAL AID ASSOCIATION" of the UNITED PRESETTERIAN CHURCH OF NORTH AMERICA, and shall be under the direction of the "Board of Ministerial Relief" of said Church.

Sec. 2. The object of the Association shall be to provide a fund from which shall be paid, on the decease of a member, the sum of ONE THOUSAND DOLLARS, (\$1,000), for the benefit of his family, if he shall have one, otherwise to be subject to the disposal of his heirs, executors, administrators or assigns.

ARTICLE 2.—MEMBERSHIP.

Sec. 1. Ministers of the United Presbyterian Church of North America, under sixty years of age, and in ordinary good health, may become members of this Associa-tion, and shall be entitled to all its benefits, by making a written application, and by paying the sum of twenty dollars, in advance, on the first day of July of each year, and shall continue to be members so long as the said amount is annually paid, and all other conditions of membership complied with.

Individuals not in the ministry, by the payment of twenty dollars annually, in advance, on the first day of July, may designate the name of a minister under the age of sixty, and in ordinary good health, who shall be entitled to all the benefits of this Association, so long as the annual payment on his behalf is regu-

larly made, and all other conditions of membership complied with.

Sec. 3. Congregations, by the payment of twenty dollars annually, in advance, on the first day of July, may secure all the benefits of this Association for the minister in charge of said congregation, or of his successor, in case of his removal or decease, subject to the conditions of Section 1st, as to age and compliance with con-

ditions of membership.

Sec. 4. Congregations and individuals may secure all the benefits of this Association by a single payment of four hundred dollars, in advance, and shall thereby be constituted Honorary Life Members of this Association, and shall have the privilege of designating the name of a minister under sixty years of age, whose annual dues shall be provided for from the income derived from said payment; and in case of the decease of said minister, or his removal or change of church relation, may designate the name of another minister, who shall be entitled to the benefits of this Association, the conditions as to age and health being complied with in all cases.

ARTICLE 3 .- DISTRIBUTION OF FUNDS.

Sec. 1. Payments shall be made within sixty days after receiving written notice of the decease of a member of this Association, to his heirs, executors, administrators or assigns; Provided, That the annual payments of said member shall have been kept up until his death, or at least for the period of twenty-five years, by himself, or his friends, or the congregation over which he was pastor; Provided, also, that the sum of one thousand dollars shall only be paid after four annual payments have been received; and Provided, further, that for one annual payment of twenty dollars, the sum of two hundred and fifty dollars shall be paid; for two annual payments, the sum of five hundred dollars; for three annual payments, the sum of seven hundred and fifty dollars; and in all cases when the sum of four hundred dollars has been paid in advance, the full sum of one thousand dollars shall be paid.

Sec. 2. Any minister whose annual payments have not been kept up shall forfeit all claim upon the fund, for himself or for his family; Provided, That after five or more annual payments have been made, his family shall receive at his

death the amount actually paid into the fund, without interest.

Sec. 3. In the case of an aged minister whose annual payments have been kept up by himself, or his friends, or a congregation, for twenty years or more, and having no family dependent upon him, or needing the amount payable at his death, he shall, if he becomes necessitous, and so desire, be paid a portion of the sum of one thousand dollars for his support from year to year; the Trustees of this Association taking care to reserve the sum of one hundred and fifty dollars to meet his funeral expenses.

Sec. 4. A member of this Association in good standing, having made five or more annual payments, may withdraw his membership, and receive, in lieu of all claims, the sum which he has actually paid into the fund, without interest.

Sec. 5. When a minister, who has made five or more annual payments, voluntarily withdraws from the United Presbyterian Church of N. A., or from any cause ceases to be recognized as a minister of said Church, he shall be entitled to receive, if applied for within one year thereafter, the sum actually paid into the funds, without interest; otherwise the claim of himself and family shall be entirely cancelled.

Sec. 6. Any one now in the ministry of the U. P. Church of N. A., who does not become a member of this Association at the time of its organization or previous to the day of , 1874, shall be required to pay the annual dues from the first day of July, 1874, to the date of his becoming a member, together with the interest on said annual payments; Provided, That such of the above described ministers as have given evidence of declining health during the time of their failing to become members of this Association, shall be excluded from membership therein.

ARTICLE 4.—TRUSTEES.

Sec. 1. The funds and property of this Association shall be held and managed by a Board of nine Trustees—three ministers and six laymen—all of whom shall be citizens of the United States, and members in good standing in the United Presbyterian Church of N. A. for at least five years, and not under twenty-five years of age.

Sec. 2. The General Assembly of the United Presbyterian Church of N. A.

shall elect the Trustees of this Board.

Sec. 3. The Trustees, at their first annual meeting after the adoption of this Constitution, shall divide themselves into three classes: The first class to serve for one year, the second class to serve for two years, the third class to serve for three years; thus providing that three Trustees shall be elected annually.

Sec. 4. Vacancies in the Board may be filled by the remaining members, and persons elected to fill vacancies shall serve only until the next meeting of the

General Assembly.

Sec. 5. The Trustees, at their first meeting after the adoption of this Constitution, and thereafter annually, shall appoint, out of their own number, a President, Vice-President, Treasurer, Corresponding and Recording Secretary, also an Executive Committee, consisting of these officers and two other members of the Board. The Treasurer shall be required to give ample security for the safety of money or property coming into his hands.

ARTICLE 5 .- GENERAL POWERS OF TRUSTEES.

Sec. 1. The Trustees and their successors in office, by the name, style, and title aforesaid, shall be able and capable in law to take, receive, have, hold, possess, and enjoy all, and all manner of lands, tenements, rents, annuities, franchises, and here-

ditaments, and any sum or sums of money, and any manner and portion of goods and chattels given, granted, or devised to them, or their successors, by any person or persons, bodies corporate or politic, agreeably to the intentions of the donors respectively, and according to the object and conditions in this instrument made and declared, and by the name, style and title aforesaid, shall be able and capable in law to sue and be sued, plead and be impleaded, in any Court or Courts, before any judge or judges, justice and justices, in all manner of suits, complaints, pleas, causes, matters, and demands whatsoever, and all and every matter and thing therein to do, in as full and effectual a manner as any person or persons, bodies corporate or politic, within this Commonwealth may or can do; Provided, That the clear yearly income of such estates shall not exceed the sum of \$50,000.

Sec. 2. That whenever the clear yearly income of this Association shall exceed the sum of fifty thousand dollars, (\$50,000,) the surplus shall be distributed among the members of this Association in such a manner as that each member in good standing shall be credited with an amount that shall bear the same proportion to the sum distributed that the total amount paid in by or for such member bears to

the whole amount paid by or for all the members.

Sec. 3. It shall be lawful for said Trustees, or a majority of them, to sell and convey all or any real estate which may become vested in said corporation, to sell and transfer any personal estate of which the said corporation may become possessed, and to invest the proceeds of such sale or sales in such a manner and way as they shall consider best for the interests of said corporation; Provided, That said Trustees shall at no time, or under any circumstances, invest the funds of this Association in any other than first-class securities.

Sec. 4. The Trustees shall provide a Common Seal for the Association; they shall also have power to make Rules and By-Laws, not inconsistent with this Charter, or with the laws and Constitution of this Commonwealth or of the United States. They shall also submit, annually, to the General Assembly, a detailed statement of the condition of the several funds, the character of the investments, the income during the year, by bequest, or otherwise, the net income of the Association, and the amount on hand for distribution.

ARTICLE VI.

This Constitution may be altered or amended by a two-third vote of the General Assembly at any of its annual meetings; Provided, That such alteration or amendment does not conflict with the Constitution and laws of the United States or of this Commonwealth, or with the general provisions of this Charter, or with the interests of those sought to be benefited by this Association.

On this part of the report the following action is recommended:

Resolved, 1. That the General Assembly of the United Presbyterian Church of North America does hereby accept and adopt the foregoing Constitution, and under it does hereby organize and establish the "Mutual Aid Fund" of the United Presbyterian Church of North America.

Resolved, 2. That nine Trustees be elected at this meeting, viz: three ministers and six laymen, who shall constitute the first Board of Trustees of the "Mutual

That the Trustees thus elected are hereby authorized and instructed to obtain a charter from the proper authorities creating them a body politic, with all the rights and privileges of any other corporate body in the Commonwealth of Pennsylvania, within the limits mentioned and declared in the foregoing Constitution.

Resolved, 4. That in order to give complete success to this organization, and secure to each minister's family in the event of his death the aid contemplated, it shall be the duty of all the ministers of the United Presbyterian Church, and of all who may hereafter become ministers, to become members of said "Mutual Aid Fund."

Resolved, 5. That this organization shall go into operation when two hundred or more ministers have become members by paying the sum of twenty dollars each, said payments to be made between the dates of July 1st, 1874, and October 1st,

1874; the certificates of payment to bear date of July 1st, 1874.

Resolved, 6. That in the event of a failure to secure two hundred contributing members during the period above mentioned, the Trustees may extend the time to July 1st, 1875, and if the number of two hundred shall not then have been secured, they shall, within thirty days thereafter, return to the parties contributing the amount paid by each respectively.

All of which is respectfully submitted. By orderof the Board.

J. B. DALES, President. W. W. BABR, Secretary.

REPORT ON NARRATIVE AND STATE OF RELIGION.

Your Committee regret that, owing to the illness of Brother Sands, the Chairman of this Committee, appointed by the last Assembly, and his recent departure to Europe, the preparation of this report has fallen to other hands.

The reports of forty Presbyteries have been before us. No reports have been received from the following Presbyteries, viz: Brookville, Caledonia, Cleveland, Chicago, Delaware, Detroit, Egypt, Garnett, Kansas, Mercer, Michigan, Oregon, San Francisco, Sealkote, Tennessee and Western Missouri.

It is to be much regretted that the reports of the above Presbyteries have failed to reach your Committee, as the value of this paper must largely depend on the fullness and completeness with which it presents the Church's record, and the state of religion in her bounds.

We have carefully gone over all the reports before us, and gathered such items and facts as enable us to make the following statements:

1.-HEALTH AND LABORS OF MINISTERS.

Thirty Presbyteries report in relation to the health and labors of their ministers. With but very few exceptions, it appears that our ministers have had good health, and have been uninterruptedly engaged in their great work.

2.—CHANGES IN THE MINISTRY, ORDINATIONS, INSTALLATIONS AND LICENSURES.

Most of the Presbyteries have made reports on the above topics, as had been suggested by the "outline" furnished them. But as there will be a record of these in the Appendix to the printed Minutes, it will not be necessary to give either names or dates here.

Twelve ministers have died during the year. Twenty-nine pastors have been released. Only sixteen ordinations have been reported. Thirty-four installations

are mentioned by the Presbytery reporting, and fourteen licensures.

If the reports which are before us are at all full and accurate, there is much reason to lament that so few are entering the Gospel ministry. It would perhaps be well for the Assembly to notice this evil, and try, if possible, to remedy it.

3.—STUDENTS OF THEOLOGY AND PROSPECTS OF INCREASE.

Many Presbyteries report that they have no students of theology under their care; and no prospects of any. Some Presbyteries that have frequently had five or six young men in training, have but one now, or perhaps none. Only seven Presbyteries report encouragingly in regard to their prospects for students.

4.—RELEASES AND CAUSES.

Twenty-nine releases have been reported. Two or three of these from one branch of a charge, that the whole of the pastor's time might be given to the remainder of it. In only a few instances is want of support mentioned as the cause of ministers leaving their charges. We would infer from this that our ministry is better supported than during some former years. If this should prove to be a fact, it is proper that it be gratefully acknowledged. A number were compelled to give up their congregations on account of ill-health, or the infirmities of advancing years. In most cases, however, the cause is not stated.

5.-NEW ORGANIZATIONS.

Allegheny, Chillicothe, Lake and Stamford are the only Presbyteries which report new organizations. We think it is probable, that many other Presbyteries have organized new congregations, but no report of it has been made.

6.—DISSOLUTION OF CONGREGATIONS OR REMOVAL FROM OUR FELLOWSHIP.

Rehoboth, in Beaver Valley Presbytery, was dissolved February 17th, the field being occupied by Remington and Oakland congregations.

Whitinsville, in Boston Presbytery, was dissolved April 22d, and one congrega-tion in Wisconsin. The cause in both cases being want of harmony. One congregation, in Wisconsin Presbytery, has left our fellowship.

VOL. IV.—NO. 1.—10

It would thus seem that the attachment to our Church and her principles, by the ministers and people, is strong and increasing.

7.—SABBATH SCHOOLS.

We have exceedingly favorable and encouraging reports of our Sabbath Schools from almost every Presbytery reporting. In all quarters the interest in this good work of the Church is increasing. One congregation is successfully striving to get

the whole congregation into the Sabbath School.

In many congregations the accessions to the Church are largely from the Sabbath School. The attendance of the scholars upon the preaching of the gospel, seems to be quite general, except in two Presbyteries—Monongahela and Philadelphia. Monongahela reports that while all attend in the country, but few attend in the city. Philadelphia reports the one-fourth as attending. There is surely something painfully suggestive in these statements.

8.—CONDITION AND SPIRIT OF OUR CHURCHES.

The general condition and spirit of our churches are highly favorable. Peace and harmony almost universally prevail. Many congregations have received large accessions to their numbers. Both ministers and ruling elders are "well reported of"—earnestly and faithfully engaged in their appropriate work. Cases calling for discipline are rare. Dissensions in congregations and Presbyteries are but seldom heard of. The Presbyteries make no report of any minister being suspended. All, as far as reported, are true to their profession and loyal to the doctrines of the Church. With a sound creed, an able and faithful ministry, and an earnest and united membership, we may go forward in our work hopefully and joyfully.

9 .- REVIVALS, AND THE MEANS USED.

Thirteen Presbyteries report revivals in their bounds. In some of them one-half of the congregations, or more, were refreshed by an unusual descent of the Spirit. In others, only one or two have felt, in any marked degree, His reviving power.

The Means Used.—In every instance of revival reported, the means used were

the same, viz: the Word and prayer.

Meetings for prayer were held day after day, and week after week.

The propriety of holding a series of meetings for religious exercises has been questioned in some quarters. Be this as it may, there can be no question as to the blessed results which follow, when God's people "continue with one accord in prayer and supplication."

One Presbytery reports, "No extra effort, and no extraordinary revival." This is what might be expected, for has not God said, "I will put my Spirit within you, and cause you to walk in my statutes. * * I will yet for this be en-

quired of by the house of Israel to do it for them."

10.—PREVAILING ERRORS AND SINS WHICH HINDER THE WORK, AND ENDANGER THE FAITH OF MEMBERS.

Quite a number of errors and sins are referred to by the different Presbyteries. Those most frequently named are "Covetousness," "Intemperance," and "Secret Societies."

Six Presbyteries name Covetousness, and other sins; seven mention Intemperance, along with other sins; eleven name Secret Societies, particularly the order of "Patrons of Husbandry." Sabbath Desecration and Infidelity are referred to by two or three Presbyteries.

It appears, then, from these statements from different Presbyteries, that the good work—the work of glorifying God in the conversion of sinners, and edifying of saints, is bindered among us, by Covetousness, Drunkenness, and Secret Societies, more than by any other evils; and that the evil, which, above all others, hinders the work, and endangers the faith of our members, is Secret Societies!

A very humiliating thought, in connection with this matter, is this: That while secret oath-bound associations are hindering God's work, and endangering the faith of his people, nearly all the pulpits and religious papers of the land are as silent as the grave on this subject. But then they were quite as silent on the subject of slavery fifteen years ago

11.—THE WOMEN'S TEMPERANCE MOVEMENT.

A number of Presbyteries have referred to the recent temperance movement, a humber of rrestyletres have referred to the recent temperatic movement, initiated and carried forward by the women of the country. This report on the state of religion would certainly be sadly defective if it should fail to make any record of this remarkable movement. Beginning, we believe, in the southern part of Ohio, in the early part of the past winter, its influence has been felt throughout the whole land. Hundreds, perhaps thousands, of liquor saloons have been closed, and many who had been engaged in the sin of selling or using strong drink have been converted. Some Presbyteries report an increasing religious interest in connection with this movement. It would seem, wherever it has taken a deep hold on any community, there has been a wonderful reformation, not only as regards drink, but a turning from other sins, such as profanity, Sabbath desecration, neglect of divine ordinances, etc.

Our people, so far as is known, have heartily joined in the movement, and many of our Presbyteries have expressed the warmest sympathy with it. Our ministers generally, we think, have declared from their pulpits their decided approbation of the self-denying labors of those noble women who have been engaged in the

What has been accomplished in this reform by the Christian women of our land, may be, we trust is, but the beginning, on their part, of work which shall go on, becoming broader and deeper, grappling with kindred evils, consecrated by female devotion, and vitalized by God's spirit, until drunkenness, impurity and similar evils, shall be swept from our land.

12.—conclusion.

Brethren of the General Assembly, in concluding our report we would call upon you to join with us in devout thanksgiving to Almighty God, through our Lord Jesus Christ, for all the mercies vouchsafed to us as a Church during the past

In all departments the Church's work has been attended with a good degree of prosperity. In both the home and foreign field it has been successfully prosecuted.

Our ministry have not been led aside to "strive about words to no profit, but to the subverting of the hearers"—neither have they "shunned to declare the whole counsel of God."

Peace and good will among brethren have been enjoyed, in an unusual degree, throughout all our borders, and thus, "the name of the Lord Jesus has been magnified," and "the God of Israel glorified."

REPORT OF PERMANENT COMMITTEE ON SABBATH SCHOOLS.

The Permanent Committee on Sabbath Schools respectfully submit this their annual report:

CONTRIBUTIONS.

According to the action of the last Assembly, the Committee, at their quarterly meeting, recommended the schools, throughout the Church, to give their contributions for the ensuing quarter to a certain object named. It is known that some of the schools acted upon these recommendations. The great majority, however, seem to have chosen their own object for their contributions. Unless there shall, in the future, be a more general attention given to the recommendations of the Committee, it would probably be better to discontinue this part of the Committee's instructions. The recommendation often holds out a hope with respect to the object recommended. This hope is disappointed, and injury instead of good may result.

TRAINING OF TEACHERS.

The following resolution, contained in the report of the Committee of last year, was referred to the Permanent Committee, with instructions to report thereon to this Assembly, namely:

"Resolved, 3. That the special training of teachers for their work, before entering upon it, is a matter of great importance, and that this Assembly will appoint a committee to report a plan by which Presbyteries, or Sessions, may be guided in accomplishing this work systematically and efficiently."

The Committee are more and more impressed with the importance of training teachers for their work. Herein lies the great defect of the Sabbath School at the present time. In no department of trade or training, is the matter of the qualifications of the workmen so much disregarded. Yet, with the exception of teaching in the family and in the pulpit, there is no work so important as this.

To devise a plan, however, "by which Presbyteries or Sessions may be guided in accomplishing this matter systematically and efficiently," is no easy task. to the Committee that, if training schools could be established by each Presbytery, and if all persons who are to be employed as teachers should be required to attend a prescribed course of study, and for a prescribed time, in them, and if they should be required to have a certificate to this effect, that thus the great end sought would be most effectively secured. It is probable, however, that but few, if any, of the Presbyteries are prepared to undertake a work of this kind

and magnitude.

We are compelled, therefore, for the present, to look to pastors and Sessions for the accomplishing of this desired object. The Committee deem it a thing quite possible for almost every pastor, or Session, to establish in the congregation a training school. Into this may be admitted teachers who are already engaged in the work, together with those whom it may be judged desirable to have employed in it when they shall be qualified. A course of Biblical, doctrinal and practical instruction might be arranged by the pastor, or Session, in each case, to suit the circumstances. If any suggestion, as to the course of study, might be deemed necessary, the Committee would indicate that, in connection with Biblical lessons, the Shorter Catechism, with the Scripture proofs and explanations of the more difficult words, as published by our Board, might well be made the basis for systematic training in the great doctrines of the Scriptures. In addition to this, the pastors, or Sessions, could arrange for themselves a course of lessons in practical teaching. By adopting such a plan as this, it can not be doubted that teachers would be much better qualified for their duties than they are at present. The absolute necessities of the case should lead to its adoption at once in every case in which it is at all possible.

SEPARATION OF THE SABBATH SCHOOL FROM THE CHURCH.

The Committee cannot but express their conviction that there is a growing tendency to separate the Sabbath School from the Church. Each succeeding year brings increased evidence with it that, especially in the larger towns and cities, the gospel is but seldom preached by Christ's sent ambassadors to a large proportion of the children that attend the Sabbath School. Even the children whose parents belong to the Church, are allowed to go home from the Sabbath School, and seldom or never enter the house of God with their parents. The evil that must follow from this is incalculable. Thoughtful persons cannot but be alarmed, they are indeed alarmed, at this state of things. The habit of attending the services of the Church, so powerful in after life, is not formed in the case of these youth. They will not be likely to form it when they are grown. They do not, at the time they are most impressible, hear the word preached by those whom God has ordained to preach it. Even if they should afterwards hear it, opportunity has been lost that can never be recovered. The Sabbath School is thus practically becoming the intrument of withdrawing the most hopeful hearers, in multitudes of instances, from the influence of the preached gospel. The Assembly should issue its solemn warning, in this matter, to pastors, elders, teachers and parents. The Sabbath School and Church should be regarded as a unity. To separate them, or to allow them to become separated, is to work incalculable harm and loss. To avoid this separation let the services of the Church and Sabbath School be so arranged that the children can, without oppression, attend both; and let pastors, elders, teachers, and especially parents, use all their influence and authority in order to secure the attendance of the children upon the exercises in both church and school. If they must be absent from either, we would say, let it be from the Sabbath School, rather than from the preached gospel. But in all ordinary cases they need be absent neither from the one nor the other.

READING MATTER FOR THE SCHOOLS.

Complaints in regard to the literature that is introduced to the schools are frequent, and we judge that, in many cases, they are well grounded. It is difficult to suggest a perfect remedy for this evil. The children will read something, and it may be assumed that they will not read such works as are often read with pleasure and profit by older persons. They must have something that is adapted to their age and taste. It is feared that the general tendency, from reading the books that are found in most of the Sabbath School libraries, is to produce a fondness for light reading. This is, of course, an evil greatly to be deprecated. But how is it to be counteracted and removed? In reply to this question it may be said, that if our ministers, and intelligent laymen, would prepare more books for the young, and have them published, good would result. This work has been left in a large measure, to the writers of story-books. When libraries are to be selected, there is often but little choice.

Good might also be accomplished, if pastors, teachers and superintendents would, when they find a really good and safe book, report the title of it to our Board of Publication, and, if approved, have it placed upon their list of suitable books. A selection might thus be made that would be, in a great measure, free from objection. A few good books, either prepared by our own ministers, or thus carefully selected, might be made to answer the demands of the schools, and these would be much better than a far larger number, prepared by incompetent persons, or selected without proper knowledge of their contents.

MISSIONARY CHARACTER.

The Committee deem it to be important to urge again, in their report, the importance of giving a missionary character to the schools. These should be made active both in doing and in giving to Christ's cause. It should be the aim of every school to gather into its fold the neglected children of the neighborhood. Officers, teachers and scholars should all be engaged in this work as they have time and opportunity. Care should also be taken to cultivate in all the children the spirit of beneficence. If this spirit be educated in them while young, they will carry it with them in after life, and good results must follow. To cultivate this spirit instruction should be given carefully and frequently, and opportunity of contributing should be afforded in every school at each session.

HELPS FOR TEACHERS AND SCHOLARS.

In order that teachers may do their work intelligently, and the scholars prepare their lessons, it is absolutely necessary that help be given them. It seems to be almost universally agreed that this assistance is best afforded by means of notes, prepared specially for the teachers, and by some simpler lessons for the scholars. It is the judgment of the Committee that such help should be given to our schools, and that it should be given by the direction of the Assembly. It is true that notes are carefully prepared by other Churches, or by individuals; but, as a matter of course, none of these contain anything pertaining to the principles, work or polity of our Church. If our children are to grow up attached to our Church, to her principles and work, they must be trained in the right direction. Hence the necessity that the help given to the Sabbath Schools should be prepared by the Church herself. It is suggested that the Permanent Committee on Sabbath Schools might be charged with this matter. The Assembly might instruct that Committee to prepare, or to secure the preparation of, notes for the teachers and helps for the scholars, and publish these in such periodical or periodicals of the Church as may admit them, or as the Committee may select.

CHANGE OF COMMITTEE.

The Committee would suggest that, as they have now served for two years in this capacity, it might be well for the Assembly to relieve them and appoint a new Committee, the members of which would be in some other location in the

The following resolutions are presented for the consideration of the Assembly:

That a Permanent Committee on Sabbath Schools be continued, and that they be directed to agree upon, and publish, prior to the beginning of each quarter of the year, suitable objects for the contributions of the children; and that the schools be requested to give special attention to these recommendations of the Committee.

Resolved, 2. That in all cases in which it is possible, pastors or Sessions be directed to establish classes in their congregations for the training of teachers; that, along with the Bible, the Shorter Catechism be used as the basis of systematic doctrinal instruction in these classes, and that special lessons be given in the art

of teaching.

Resolved, 3. That as the preaching of the gospel is the great instrumentality for the conversion of children, as well as of grown persons, pastors, elders, teachers, and especially parents, should see to it that the children of the Sabbath Schools attend upon the regular services of the Church, and in all cases where parents neglect to take their children with them to the church, they should be admonished in regard to their duty in this matter by those who have the spiritual oversight of them and their children.

Resolved, 4. That the attention of our ministers and intelligent laymen be directed to the importance of preparing and publishing suitable books for the Sabbath School library; and that when any minister, or member, has become acquainted with a really good Sabbath School book, he be requested to forward the title of it to the Board of Publication, that it may be more fully examined, and, if approved, placed upon the list of publications kept by the Board for the use of the schools, and also that the Board be directed to publish, from time to time, a descriptive list of the books which they have selected, and send a copy of said list to each pastor in the Church.

That every Sabbath School should be missionary in its characterall connected with it should be engaged in efforts to bring in neglected children, and an opportunity should be afforded the scholars, at every session, to contribute of

their substance for missionary work.

Resolved, 6. That it shall be the duty of the Permanent Committee on Sabbath Schools to prepare, or secure the preparation of, suitable notes for the teachers, and lesson papers for the children, and that they be directed to publish them in such periodical or periodicals of the Church as may be willing to admit them, or as the Committee may deem best adopted to the purpose. be the

Respectfully submitted by the Committee,

REPORT ON THEOLOGICAL SEMINARIES.

The Committee on Theological Seminaries, appointed by the last General Assembly of the United Presbyterian Church, held a meeting on the 5th and 7th of August, in the city of Pittsburgh. The following members were present, namely: Drs. Wilson, Dales, Kerr, Harper, Clark, Bruce, Young and Cooper, and Prof. Stewart. A letter was read from Dr. Clokey expressive of his views. A letter from Dr. Scott was announced, and its purport intimated by Dr. Young. prayerful and deliberate consideration of the subjects referred to them, the Committee, with a great degree of unanimity, adopted the following resolutions, to be submitted to the next General Assembly:

ON TERM OF STUDY.

Resolved, 1. That the term of study prior to licensure in our Seminaries be three

years, of seven months each, beginning on the first Wednesday of October.

2. That for the benefit of licentiates who have gone through the aforesaid term, there shall be an advanced course of three months, beginning on the first Wednesday. nesday of October.

3. That in view of the existing arrangements of students, the ensuing session shall be limited to six months.

ON SUBJECTS OF STUDY AND TEXT BOOKS.

Systematic Theology.

Resolved, 1. That it is inexpedient to designate any special text-book in the department of Systematic Theology, aside from the Scriptures and our subordinate standards, to which, of course, constant reference should be had; and that it is wise to allow in the method of instruction a wide latitude for the individual tastes and preferences of the Professors.

2. That the entire system of Theology be divided into three sections, which shall be studied in their order, in as many sessions, so as to complete, in three years, the entire regular course, and that the same section be studied each year in all the Seminaries, the first section to close with the topic of the divine decrees, the second with that of the offices of Christ, the third to end with the close of the commonly recognized system.

3. That, whereas, it is ascertained that in three of the Seminaries the second of the aforesaid sections would, according to present arrangements, form the subject of instruction during the next session, therefore that section shall be the subject

of tuition in all the Seminaries during the ensuing regular session.

Church Government and History.

Resolved, 1. That the attention of the students during the first session be occupied with the history of the Old Testament Church; during the second the organization of the New Testament Church and its history to the Reformation; and during the third, the Reformation and the history following to the present time.

2. That the Bible, with Kurtz, or such other works as may be considered useful

in different parts of the course, be used as text-books.

Biblical Criticism and Hermeneutics.

Resolved, 1. That as far as possible the Greek Testament shall be read over in the course of three years—the Gospels forming the section for the first year; the Acts, with the epistles to the Romans and the Corinthians for the second year; and thence to the close of the New Testament, for the third year; and that, in addition, certain portions be selected, each session, for particular exegetical exam-

2. That in view of present arrangements in the Seminaries, the second of the

foregoing sections shall form the subject of study for the ensuing session.

3. That the reading of the Hebrew Scriptures shall be in the following order of sections, namely—the historical books in the first session; the books of Job, Psalms, Proverbs, Ecclesiastes and the Song of Solomon in the second, and the remaining books in the third session—the Professors to exercise their discretion in selecting from time to time portions within the divisions just specified, and that the first section furnish the subject of study during the ensuing session.

4. That in the department of Biblical Criticism and Hermeneutics, the Professors shall, by lectures or otherwise, labor to familiarize the students under their care with the great questions claiming consideration in connection with these

subjects.

Pastoral Theology.

Resolved, That in the department of Pastoral Theology the course shall be divided into three parts, one for each session, in the following order, namely—for the first year the Directory for Church Government; for the second year Homiletics; it being understood, however, that each student shall have exercises in the composition and delivery of sermons, in reading and public speaking, through the whole course of the Seminary; and for the third, the Directory for Worship and the pastoral work generally.

Advanced Course.

Resolved, That the licentiates shall be required to give special attention to present forms of skepticism and unbelief, church discipline, exercises in sacred rhetoric, and whatever else may be needed to complete their seminary training for the work of the ministry in both the home and foreign fields.

ADDITIONAL RESOLUTIONS.

Resolved, 1st. That the arrangements just made in regard to study in the departments of Church History, Church Government and Pastoral Theology be not carried into effect until the session beginning October, 1874, as the course now in progress in those departments could not be satisfactorily completed before that time.

Resolved, 2d. That the Committee take the liberty of expressing it as their unanimous opinion that the best interests of students require their uninterrupted attendance during the three sessions previous to licensure, and earnestly entreat Presbyteries to act accordingly. They also express the jndgment that it is much to be desired that Presbyteries seek to promote the interests of students by a careful oversight of their studies, and that students should prosecute their studies on all subjects of their course in general reading, and especially in the reading of the original Scriptures during the vacations.

Resolved, 3. That a committee, consisting of Drs. Kerr and Cooper, be appointed to prepare a report in proper form for the next General Assembly, embracing the action of this Committee, and to publish, in the periodicals of the Church, so much of this action as immediately concerns the students and bears on the subjects

of study for the approaching session.

The undersigned, as directed in the last resolution, submit to the Assembly the action of the Committee, as embodied in the above resolutions.

J. T. COOPER, DAVID R. KERR.

REPORT OF THE SPECIAL COMMITTEE ON BOARD OF PUBLICATION.

A meeting of the Committee was arranged for the 14th inst. Only one member was present. The information derived by the Committee was cheerfully furnished by the Superintendent, Rev. S. Collins, and the Committee was greatly aided by Messrs. Gormly and McCance, members of the Board.

REAL ESTATE ON NINTH STREET, PITTSBURGH.

The building is commodious, well arranged; seems to be well built, of brick, handsome iron front, four stories in height, and in a good business locality. The original cost of erection was \$48,105. There is an encumbrance of \$11,000. The property is supposed to be worth, at the present time, \$60,000. The revenue from rents, during the past year, was \$4,025. The title is in the name of the Board of Publication of the United Presbyterian Church of North America. Your Committee recommends the payment of mortgages at the earliest moment.

STOCK ON HAND, BOOKS, PAPER, &C.

The inventory was not completed, but will be furnished to the General Assembly. As far as could be examined, the stock seemed to be in good condition. It is recommended that all future inventories shall be taken at the actual cost, or present cash value.

STEREOTYPE PLATES.

These are estimated as being worth about \$21,000. A portion of these are in Philadelphia. No estimate could be made of their real value. A large sum of money is invested in these, and it is earnestly recommended that a correct estimate be furnished to the next General Assembly.

BOOK ACCOUNTS DUE TO THE BOARD.

These number over 700, aggregating in amount about \$16,000. Some of recent date, others extending over a period of years, some of long standing. The greater

portion of these are considered good. There has been no classification, showing the good, bad, and doubtful. This department of business needs a thorough revision, and the enforcement of new regulations as to credits.

MANNER OF CONDUCTING THE GENERAL BUSINESS.

The Board does not seem to have taken the responsibility, during some years past, of having the business systematized. The plan adopted, when the Board was in its infancy, has been continued from year to year. There is an entire absence of checks upon the business, and an examination of the books, up to March last, shows a very unsatisfactory state of affairs. The necessity of giving particulars has been partly avoided by the action of the Board, at its meeting held January 26, 1874, which, if strictly adhered to, will remedy former defects, and be the means of putting the business affairs of the Board in such a condition as to be easily understood. The employment of a bookkeeper, who entered upon his duties in March last, is specially commended. It is due to the Superintendent, to mention that the work devolved upon him was greater than one man could properly attend to, and that his duties have been as faithfully discharged as could be, under the circumstances.

By some oversight, or misunderstanding, the Board was without a Treasurer during the past year, and the office was filled by the Superintendent. The Board has elected a new Treasurer, and is making arrangements for securing a proper disposition of the funds.

It is earnestly recommended that the General Assembly advise the Board that it is responsible for the management of the affairs and business of the Board, and that there should be no hesitation in assuming this responsibility at the earliest moment.

The following action is recommended:

1st. That the Board shall allow a discount on all purchases for cash.

2d. That a discount shall only be allowed on sales to Churches, Sabbath Schools and ministers in connection with the United Presbyterian Church, and that all other sales shall be at retail prices.

3d. That the Board be instructed to add to its By-Laws the following articles:

A. A Competent Bookkeeper

Shall be appointed, whose duties shall be to keep the books and accounts of the Board, make payments to the Treasurer at least once a week, receive and acknowledge receipts of money, correspond with persons indebted to the Board, and assist in making sales, and shall give security for a faithful performance of duty.

B. A Business Committee.

1st. This Committee shall consist of three members, besides the Superintendent and Treasurer, and three shall be a quorum.

2d. The Committee shall meet at least twice a month, and shall keep full minutes of all its proceedings, which shall be read to the Board at its next meeting.

3d. It shall order the Treasurer to pay such bills as may have been reported correct by the Auditing Committee.

4th. This Committee shall have supervision of the business, the book-store and

the property of the Board.

5th. It shall determine all questions relating to the paper, the style of binding and the quantity of the publications to be issued, and shall fix the prices of said publications.

6th. It shall be its duty to see that matter ordered by the Board to be published,

is put to press, and issued with all practicable dispatch.

7th. It shall decide upon the propriety of executing all credit orders, making all purchases and contracts, and shall advise generally with the Superintendent on all matters connected with the business operations of the Board.

8th. It shall cause to be prepared, yearly, a fair balance sheet, made up to the first day of May, exhibiting fully the assets, resources, and liabilities of the Board, and shall present the same to the May meeting of the Board.

9th. It shall, through the Superintendent, engage all clerks and other employees in the book-store, and fix their salaries.

C. Auditing Committee.

1st. This Committee shall consist of three members, and shall meet at least once It shall keep accurate minutes of its proceedings, which shall be reported to the Business Committee, at its next meeting.

2d. It shall examine and correct all bills and accounts due by the Board, and if found correct, shall recommend them to the Business Committee for payment.

3d. It shall oversee and direct the manner of keeping the accounts of the Board, and shall audit the Treasurer's annual account.

D. Publishing Committee.

1st. This Committee shall consist of three members, besides the ex-officio mem-

bers, and three shall be a quorum.

2d. It shall meet at least once every month, and oftener, when called by the Editorial Secretary, and shall keep, in a suitable book, full minutes of its proceedings, to be read at the next meeting of the Board.

3d. On any matter laid before the Committee, by the Editorial Secretary, with

his recommendation of it as suitable for publication, no final vote shall be taken

within two weeks, unless a vote is agreed to by all the members present.

4th. It shall be the right of each member to have full opportunity to examine such matter before the final vote shall be taken.

5th. All criticisms, suggestions, and modifications proposed by any member, respecting any matter under consideration, shall be submitted to the Committee before the final vote, and, if either the Committee, or the Editorial Secretary, so desire, shall be presented in writing.

6th. No matter shall be recommended to the Board for publication, save by a

vote of a majority of the entire Committee.

7th. Any matter submitted by the Editorial Secretary, with his decided disapproval, may be, by an immediate vote, rejected without further examination.

8th. This Committee shall determine the amount of copy-right to be paid for all works purchased by the Board.

E. Editorial Secretary.

1st. It shall be the duty of the Editorial Secretary to edit any periodicals authorized to be published by the Board.

2d. He shall receive all matter offered for publication, and shall submit it, with

his judgment thereon, to the Publishing Committee.

3d. He shall conduct the correspondence with authors, and fix the price of copyright, subject to the approval of the Publishing Committee. He shall prepare works for the press, and be responsible for the accuracy of the works published.

4th. He shall furnish the Board with such materials for the annual report to

the General Assembly, as may properly belong to his department.

He shall be ex-officio a member of each of the permanent committees, except the Auditing Committee.

F. Business Superintendent.

This officer shall be under the more immediate direction of the Business Committee, and, under its supervision, shall take charge of the Board's buildings, keeping it, and the books, sheets, stereotype plates, and other property, in good order, and shall keep on hand such a stock of sheets and bound publications as that Committee may direct. He shall also procure and take charge of all policies of insurance on the property of the Board, and of all certificates of copy-rights on its publications.

He shall make, subject to the approval of the same Committee, all contracts for printing, binding, engraving, stereotyping, and advertising. He shall also make all purchases of material used in the business, and give all orders for work,

or materials, on behalf of the Board.

He shall collect and lay before the Auditing Committee, at its monthly

meeting, all bills due by the Board.

4th. He shall take charge of the sales, and use all practicable means to extend He shall receive all orders for books, and shall conduct the correspondence with booksellers, and other business correspondents.

5th. He shall report, monthly, to the Business Committee, the amount of sales

by the store.

G. Officers Combined.

The duties of Editorial Secretary and Business Superintendent may be performed by one person, until such time as the Board may think it prudent to make a separation.

H. Annual Report.

The Secretary of the Board shall prepare the Annual Report for presentation to the General Assembly.

In explanation of the action now proposed to be taken by the General Assembly it may be stated:

1st. That the Board does not make any distinction between purchasers who pay cash and those who buy on credit; an inducement should be offered to cash buyers, and an effort made to largely increase the cash sales.

2d. That the Board should obtain the regular retail price for small sales, and from persons not in connection with the United Presbyterian Church. The

rule in operation is to take off the discount to all purchasers.

3d. That the office of book-keeper is a necessity, and should be made permanent.

4th. That a Business Committee, Auditing Committee and Publishing Committee, are essential to a proper management of the business, and are required to secure division of responsibility, and the proper checks in conducting the operations of the Board.

5th. That while the duties of Editorial Secretary and Business Superintendent are now discharged by one person, under the title of Superintendent, the time is coming, when the operations of the Board will require a division of labor. The amendments suggested, clearly define the duties of these officers.

6th. It is believed that the action now recommended, will enable the Board to conduct its business in a manner that will be satisfactory to itself, and that will

inspire confidence throughout the entire Church.

The amendments providing for the Committees, and prescribing the duties of Editorial Secretary and Business Superintendent, have been taken from the By-Laws of one of the best managed Publishing Boards in this country, and are the results of many years practical experience.

Respectfully submitted,

WM. GETTY.
